

3. Draw the top three cards from the deck and place them faceup on the play area. Each card will challenge you to shoot at certain target, a certain number of steps away, in a certain position. See the example at right.
4. Choose any one of the cards to try first. Then step back and get into position as directed on the card, and fire!
  - If you knocked over the target, collect the card. Now use a new web to try either one of the remaining two cards.
  - If you didn't knock over the target, use a new web to try the same card, or either of the other two cards.
5. Keep going until you've used all three of your webs. Unstrap the slinger and give it to the next player. Keep any cards you collected on your turn.

This card challenges you to shoot at GREEN GOBLIN™ from 5 steps back while kneeling.
