

How To Draw: Animated Bumblebee

1. Start by lightly drawing a horizontal line intersecting with a Vertical line
2. Then lightly draw an Oval on its side. This will start to give you the shape of Bumblebee's upper head.
3. Then start to lightly draw in the Jaw and Cheek area.

1. At the base of the neck, draw in the collar
2. Then start to draw in the Neck connecting the Collar and the Jaw.
3. Lightly Draw in Layout lines that help define the center of the head, and the base for the horns.

1. Start to draw in details of the Horns and the side stripes.
2. Then start to draw in the details around the center of the forehead, and the details around the face.
3. Then start to draw in the triangle detail on the forehead, and the details that form the facial interior of the helmet (eyes and mouth).

Finally, Shade in black areas shown.

Congratulations!!! You've just drawn Animated Bumblebee!!!
