2. Each player selects either X or O and collects their pieces.
3. The player whose birthday is coming up next goes first.

## How to Play

1. On your turn, roll the dice and place, flip, or swap small Xs and Os on the board. Each piece you play must go in a **different game box**.

- S** **Swap** one of your pieces on the board with one of your opponent's pieces **within the same game box**.

- If you roll an **F** and a **1**, **flip** over one of your opponent's pieces and place **one** piece in any other game box.
- If you roll an **S** and a **2**, **swap** one of your existing pieces with one of your opponent's pieces **in the same game box**, and place two pieces in **two other, different** game boxes.

2. If you get three small Xs or Os in a row, **remove all the pieces from the box** and **replace them** with one of your large Xs or Os. This box is yours for the rest of the game!
