baby van gogh™

color-go-round™*

Thank you for choosing this unique Baby Einstein/Playskool learning toy! Together, you and your child can explore the fascinating world of colors in a fun and creative way!

Includes 3 "AA" batteries. Phillips screwdriver (not included) needed to replace batteries.

PLAYSKOOL®

Toy features

- When baby presses the button, bright colors swirl, creating ever-changing artwork!
- Pressing the button also activates classical music to accompany the “color-mixing” fun!
- Once a song is completed, the toy will shut off. Pressing the button while the toy is on will also cause the toy to shut off. To move to another song, press the button again.
- To keep the toy upright, flip out the detachable support on the bottom of the base.

To replace batteries

Use a Phillips screwdriver to loosen screw in battery compartment door (screw remains attached to door). Remove door. Insert 3 fresh “AA” alkaline batteries. Replace door and tighten screw.

CD operation

To use as a CD-ROM

Insert in the CD drive of your PC or Mac. Launch the file named *VanGogh*. Do not transfer software files to your hard drive.

Note: QuickTime™ is required to view video clips. Quicktime™ can be downloaded to your computer using the CD and the Internet.

To use as an audio CD

Use this disk in any CD player. A directory of the music tracks can be viewed or printed using your PC or Mac.

CAUTION: TO AVOID BATTERY LEAKAGE

- 1) Be sure to insert the batteries correctly and always follow the toy and battery manufacturers' instructions;
- 2) Do not mix old and new batteries or alkaline, standard (carbon-zinc) or rechargeable (nickel-cadmium) batteries;
- 3) Always remove weak or dead batteries from the product.

FCC STATEMENT

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy, and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
