

Barney

First Fishing Game™

For 2 or 4 Players / Ages 3 to 6

CONTENTS

- Fish pond • 24 Fish (6 of each color: red, yellow, purple and green)
- 1 Old boot • 4 Cardboard dividers

OBJECT

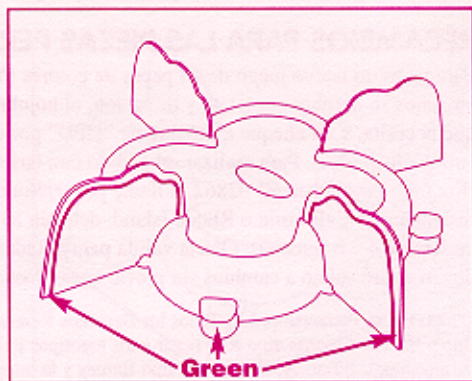

Be the first player to catch all of your color fish from the pond, while trying to avoid the old boot.

SETUP

- Place the fish pond on a flat surface.
- Mix up and place all of the fish and the old boot into a pile in the center of the pond.
- Punch out the four cardboard dividers.

4-PLAYER GAME

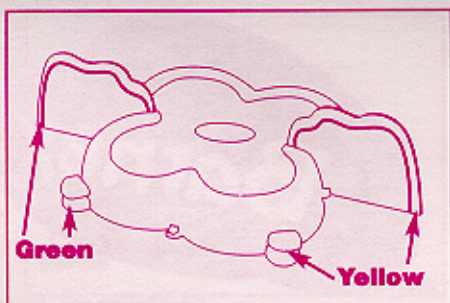

- Insert the dividers into the four slots on the pond, as shown, making sure the dividers' border colors match the color of the paddle between them.
- Choose which color fish you want to catch, and sit in front of the matching paddle.
- When everyone is ready, begin playing all at once. Hit your paddle to make the fish wiggle and flop into the air. Wow, look at 'em go!
- Try to get your color fish into your area, between the cardboard dividers to the left and right of your paddle.
- Players hit their paddles until all of the fish have flopped out of the pond. Keep all of the fish that match your color paddle, and throw the rest back into the pond. If you catch the old boot, throw it back, and you must *also* throw back one of your color fish!
Note: If you caught the old boot but haven't caught any of your fish yet, just throw the boot back in the pond.
- When everyone's ready, hit your paddles again. Keep playing until one of you catches all of your fish (and no boot)!

4-Player game

2-PLAYER GAME

- Insert only two of the dividers — on opposite sides of the pond, as shown. Match each divider border color to the paddle it is next to.
- Each player chooses one side of the pond. Use both hands for the two paddles closest to you. The colors of these two paddles determine which two colors of matching fish you're trying to catch. Begin playing when both of you are ready. Try to get your color fish into your area, between the two cardboard dividers on your side of the pond.
- The rest of the gameplay is the same as in a 4-player game. Play continues until one of you catches all of your fish (and no boot)!

2-Player game

VARIATION FOR BOTH GAMES

For a more frantic fish frenzy game, play continuously. If you catch a fish that's not your color, throw it back into the pond right away and keep hitting your paddle! If you catch the old boot, throw it right back, but you must also throw back one of your color fish!

WINNING

Be the first player to catch all of your color fish!

RESTORAGE

Take the cardboard dividers out of the slots in the pond. All of the game's components should now fit back into the box.
