

# Which Bears Where?™

## A Fun Memory Game

For 1 to 4 players/Ages 4 to 8

Rules © 1983 Parker Brothers, Beverly, MA 01915. Printed in U.S.A.

**OBJECT** Six of your favorite Care Bears™—Tenderheart Bear,™\* Cheer Bear,™\* Birthday Bear,™\* Grumpy Bear,™\* Bedtime Bear,™\* and Friend Bear™\*—want you to play hide-and-seek with them! Each card pictures a Care Bear. Before the game begins, you'll see where each of the six Care Bears is located. Remember where each Bear is, because you'll try to match each of your cards with them. If you're the first to match all your cards, you're the winner!

**EQUIPMENT** 35 Care Bear cards: 6 Tenderheart Bears, 5 Cheer Bears, 6 Birthday Bears, 6 Grumpy Bears, 6 Bedtime Bears, 6 Friend Bears

### SET UP

1. Remove one of each of the following cards from the deck: one Tenderheart Bear, one Cheer Bear, one Birthday Bear, one Grumpy Bear, one Bedtime Bear, and one Friend Bear.
2. Mix the six cards together. Then place them **face down**, in two rows of three cards each, onto the playing area.
3. Mix the rest of the cards together. Then deal seven cards **face down** to each player. Place any remaining cards aside.
4. After receiving your cards, place them **face down** in a pile in front of you.
5. Turn the six cards in the playing area **face up** so all the players can see them. Count to five, then turn them **face down**.

6. The youngest player goes first. Play then proceeds, in turn, to the first player's left.

### PLAYING

1. On your turn, take the top card from your pile and place it **face up** next to your pile.
2. Look at the Care Bear on your card. One of the six cards in the playing area will match it. Do you remember where it is? To find out, turn over the card that you think matches yours.
  - a. **If you're right**, you've made a match! Turn the matching card in the playing area **face down** again. Then place your card aside and end your turn.
  - b. **If you're wrong**, turn the card in the playing area you tried to match **face down** again. Place your card **face down** at the bottom of your pile and end your turn.

**WINNING** The first one to match seven cards wins.

**One-player game:** Play as described, but deal 14 cards to yourself. If you don't match a card with one of the six, place that card **face up** at the bottom of your pile. After you've tried to match each of the 14 cards, you'll have **one more chance** to match the cards you missed. If you match them, you're a winner!
