Mini Bake Set

Thank you for choosing the TONY THE TIGER™ Mini Bake Set from Easy-Bake®! For maximum enjoyment of this product, be sure to follow all instructions carefully.

Parents Please Note:

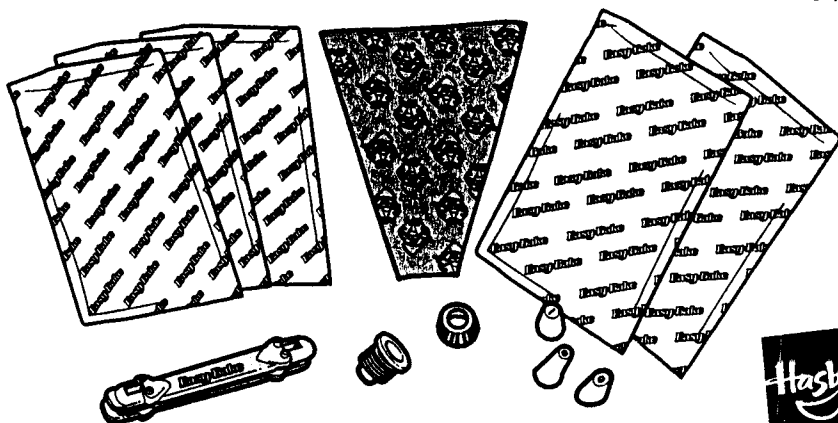

- Wash all parts thoroughly before use. Wash in warm, soapy water and rinse thoroughly. Do not use a dishwasher to clean.
 - Use safety scissors to remove decorator tips from runner frame.
- Mixes can also be used in your kitchen oven.

This set includes:

- 2 devil's food cake mixes
- 2 orange frosting mixes
- 1 chocolate frosting mix
- 3 decorating tips
- 1 frosting bag
- 2 collar parts
- 2 clip halves

You will also need:

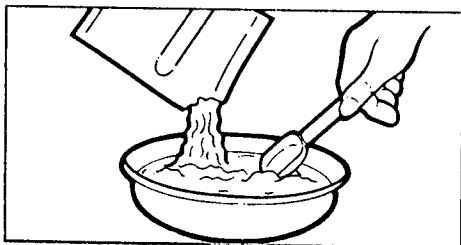

- safety scissors
- wax paper
- pencil
- non-stick cooking spray or margarine
- 2 mixing bowls
- mixing spoon
- teaspoon
- Easy-Bake® Oven baking pan

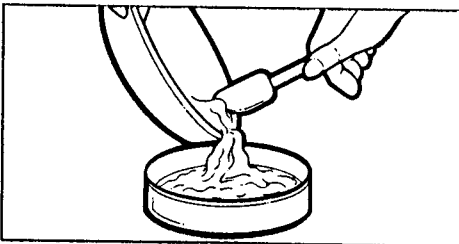

First...Make a Cake & Frosting

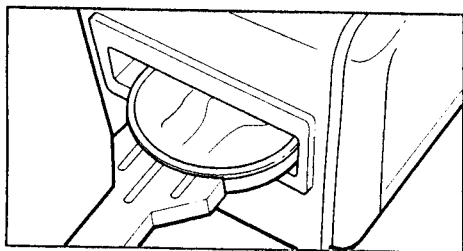

- Preheat Easy-Bake® Oven for 15 minutes, or ask an adult to preheat the kitchen oven to 375°.
- Grease baking pan, or spray the pan with non-stick cooking spray.

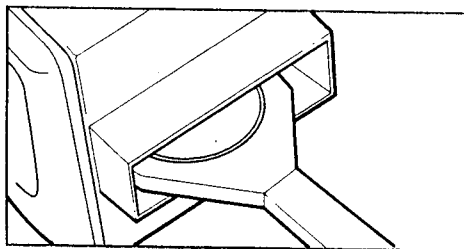

1. Pour one cake mix into mixing bowl. Add 3 teaspoons of water, and stir with a spoon until the mix is smooth.

2. Pour batter into a baking pan and spread evenly.

3. Bake in Easy-Bake Oven for 12 minutes, OR in your kitchen oven for 12 minutes.

4. Allow cake to cool in Easy-Bake® Oven cooling chamber for 10 minutes, then remove pan from oven with pan pusher. If baking in your kitchen oven, have an adult remove pan immediately from oven. When cool, remove cake from pan.

5. Pour one orange frosting mix into mixing bowl. Add 3/4 teaspoon of warm water and stir thoroughly with spoon until smooth. (For thinner frosting, stir in droplets of water to desired consistency.) Repeat for one chocolate frosting mix.

Frost the cake

1. With a teaspoon, spread orange frosting evenly over the top and sides of the cake.
2. Place a piece of wax paper over the illustrated outline of the head of TONY™*. Trace outline with a pencil and cut around outline with safety scissors.

3. Place the wax paper outline on top of the cake. Using the frosting bag, squeeze an outline of chocolate frosting onto the cake around the outside of the stencil. (See "Assemble the decorator" on back page.)
4. Remove wax paper. Referencing the illustration of TONY THE TIGER, use the frosting bag to draw the face of TONY™* or simply decorate the cake with stripes.

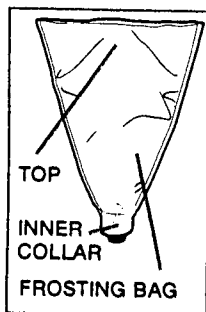

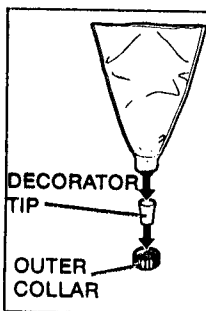

Then...Decorate!

Assemble the decorator

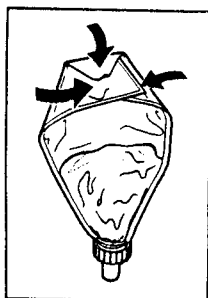

Use safety scissors to remove decorator tips from runner frame.

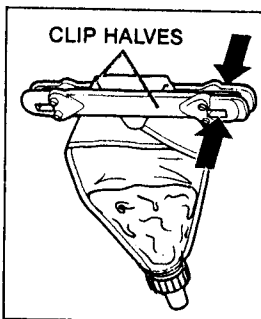

1. Gently place inner collar into frosting bag (from the top) so that only the tip of the inner collar protrudes through tapered end of bag as shown.

2. Select a decorator tip. (Note: The circle tip works best for drawing TONY THE TIGER™.) Place the decorator tip into the outer collar, with smaller opening on outer collar facing the bottom. Screw the outer collar onto the inner collar (be sure bag covers threads).

3. Use a spoon to fill the frosting bag with chocolate frosting. Fold top corners of the frosting bag. Fold the remaining point on top of bag.

4. Press clip halves together, leaving one end unfastened. Open clip halves to allow folded part of bag to fit between clip halves. Press the unfastened end of clip halves together so that clip locks onto bag.

To clean

Unscrew and remove outer collar and decorator tip. Turn bag inside out, and gently remove inner collar. Wash all parts in warm, soapy water, rinse thoroughly and allow to air dry. Do not use dishwasher.
