This set contains Embroidery Picture Cards, a quantity of colored yarn and a needle. The cards are outlined in different colors. Embroider the colors as you see them on the card.

INSTRUCTIONS

First select a card and the color yarn to be used to start your picture. The red yarn should be used on the red area, the green yarn on the green area, the blue yarn on the blue area, and the yellow yarn on the brown area. Thread your needle and knot one end of the yarn. Insert the needle through one of the holes from the back of the card, drawing the yarn through until the knot reaches the hole. Then insert the needle through the adjoining hole on the front of the card pulling the yarn tightly. Now insert the needle up through the next hole and back through the one before it. Continue in this manner until one color has been completed. Finish off by passing your needle through the loops on the back of the card to take care of any excess yarn. When you have completed one color outline, thread the needle with the new color and proceed in the above manner until the picture has been completed.
