WEDDING FASHION *Plates*®

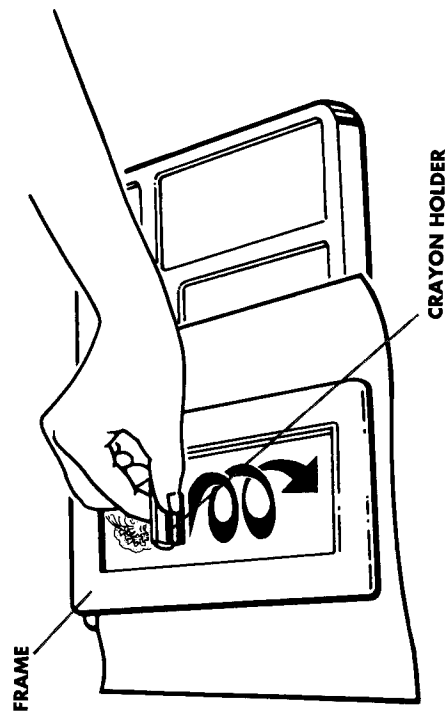

2540

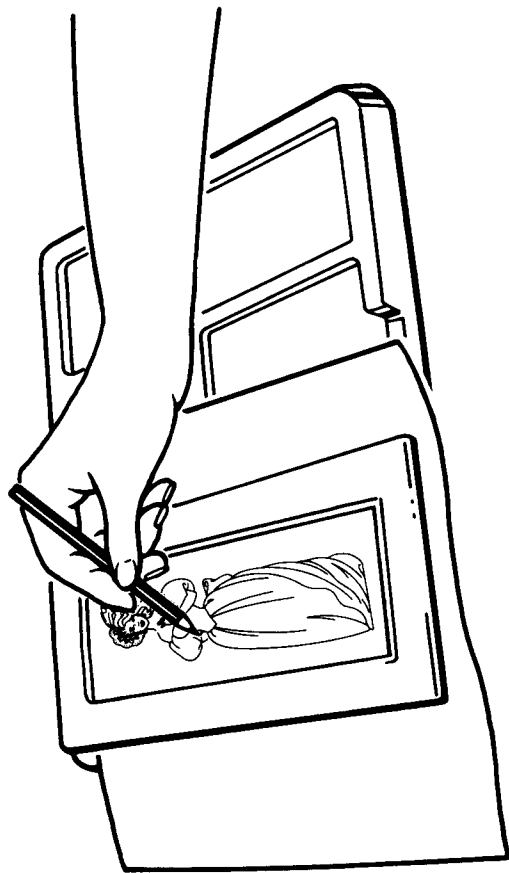

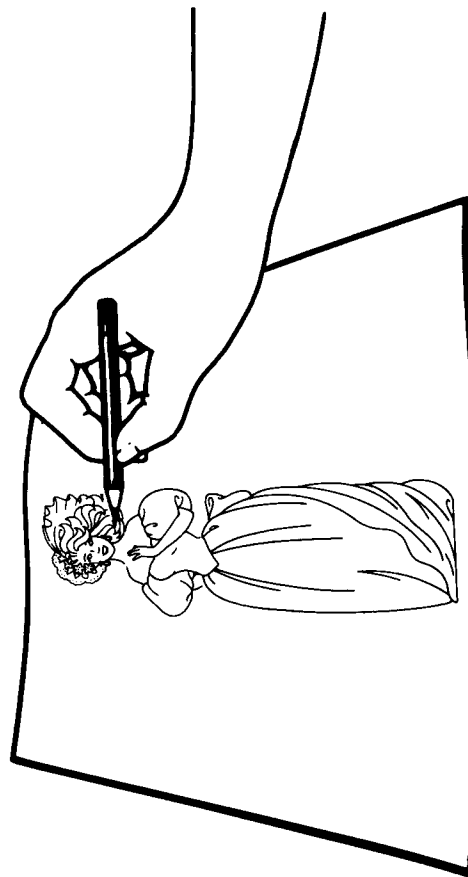

1 Choose the plates you want to create a beautiful wedding fashion. Snap crayon securely into crayon holder (inset).

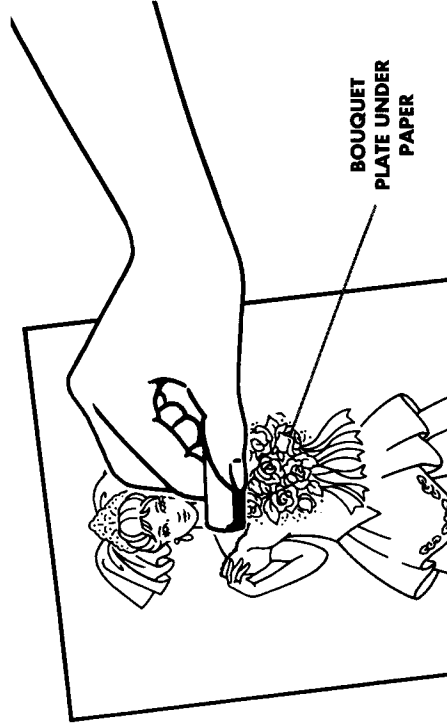

2 Place a sheet of paper under the frame firmly against paper stop guides. Rub the crayon holder softly across the paper in a circular motion. **FOR THE BEST PICTURES, HOLD FRAME DOWN AND KEEP CRAYON LEVEL.** The frame should also be periodically cleaned.

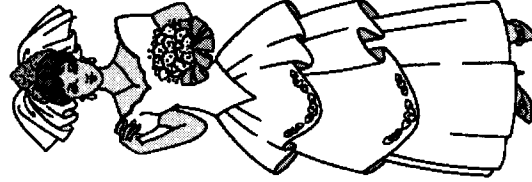

3 Turn the plates over and place your choice of pattern where you want it to print. Color the area by rubbing with a colored pencil.

4 You may want to put the paper on a flat surface to finish coloring. You can use the floral stickers included to complete your bridal fashion.

- 5** This set contains two separate flower bouquet plates. If you choose to use these special plates, be sure to rub around, and not over, the bouquet on the patterned plates. When finished rubbing the paper over the plates, remove the paper and place the plate with the larger bouquet beneath the place where you want it to appear. (The enclosed floral stickers may also be used for this purpose.)

- 6** Try different combinations to create lots of romantic looks. Use several prints together or leave some a plain color... even draw your own designs! Be creative with colors -- use one color or combine different ones. Try delicately shading from one color to another for a dreamy look. Have fun!
