

# Flat Folks™ City

## Instructions

**Ages: 2-6**

**Adult Assembly Required.**

Before you start, remove all pieces from plastic bag.

**Includes** city playset, fire truck, hospital bed, grocery cart, 2 Flat Folks figures, 5 outfits, flat puppy, 2 envelopes, 2 bags of groceries, umbrella, umbrella shaft, gas hose/nozzle, mailbox, pizza table, carry handle, marquee, sliding wall and label sheet.

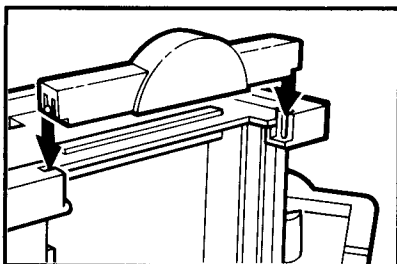

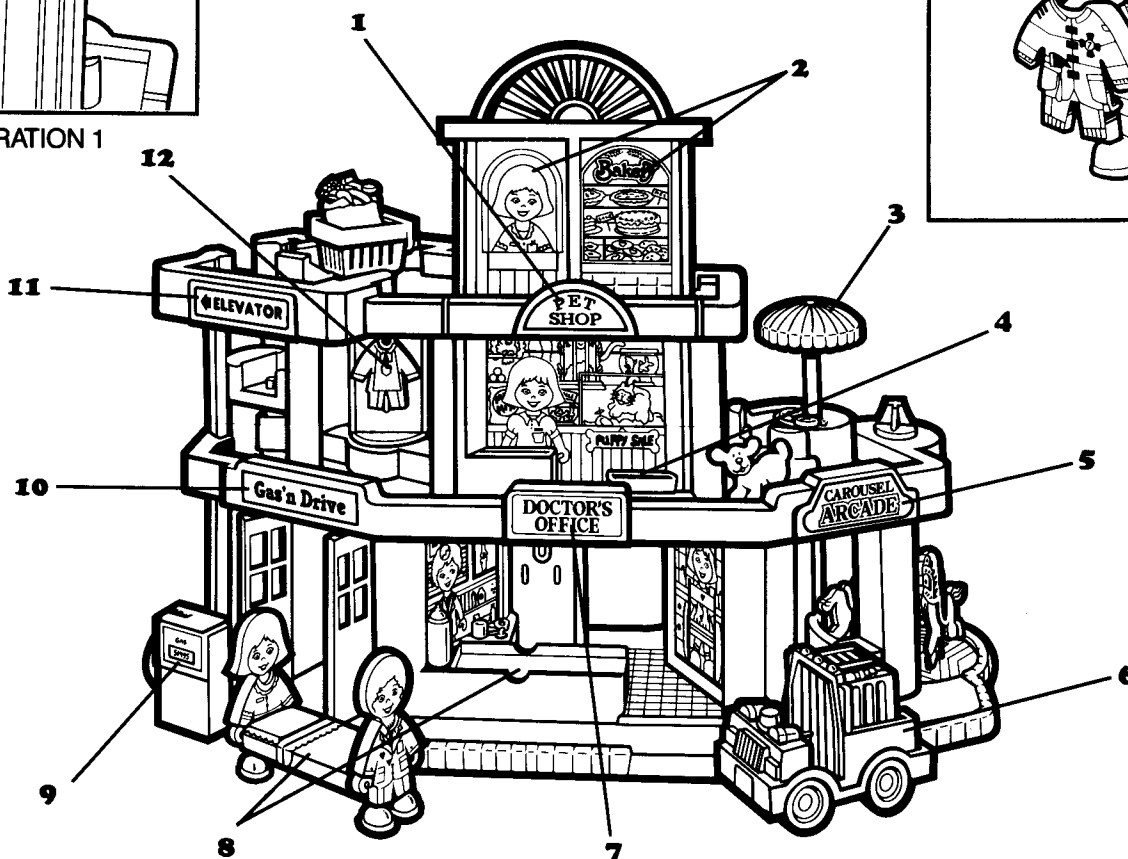

ILLUSTRATION 1

Flat Folks have outfits that snap on and off easily.

**1.** Snap bumps on marquee into grooves in top of playset until it snaps into position as shown. (ILL. 1) Place the Pet Shop label (#10) on the marquee. The marquee is specially designed to "break away" when too much force is applied. To reassemble, simply reattach as shown in these instructions.

**2.** Place Bakery label (#5) and Baker Lady label (#1) as shown. Fit the bottom of the sliding wall into the slot behind the marquee. Tap the sliding wall until it slides into place. The sliding wall should now be able to slide up and down to reveal a Pet Shop.

**3.** Fit the umbrella shaft into the umbrella. Fit the other end of the umbrella shaft into hole in table. The umbrella is specially designed to "break away" when too much force is applied. To reassemble, simply reattach.

**4.** The puppy fits in the doggie bed.

**5.** Put Carousel/Arcade label (#7) here.

**6.** Have the Flat Folks figures go for a ride in the free rolling fire truck.

**7.** Put Doctor's Office label (#14) here.

**8.** The stretcher fits on the bed.

**9.** Place Gas label (#17) here.

**10.** Put the Gas 'N Drive label (#9) in this spot.

**11.** Place Elevator label (#4) here.

**12.** You can fit outfits on the clothes rack. Just match the outfit to the outline on the rack and press into place. You can also spin the rack around and around.

Note to Parents: The playset features several bins and slots that can be used to store outfits, groceries and envelopes.

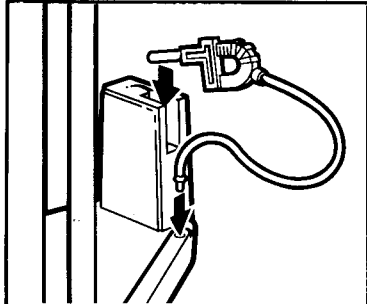

ILLUSTRATION 2

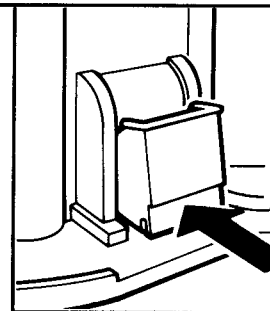

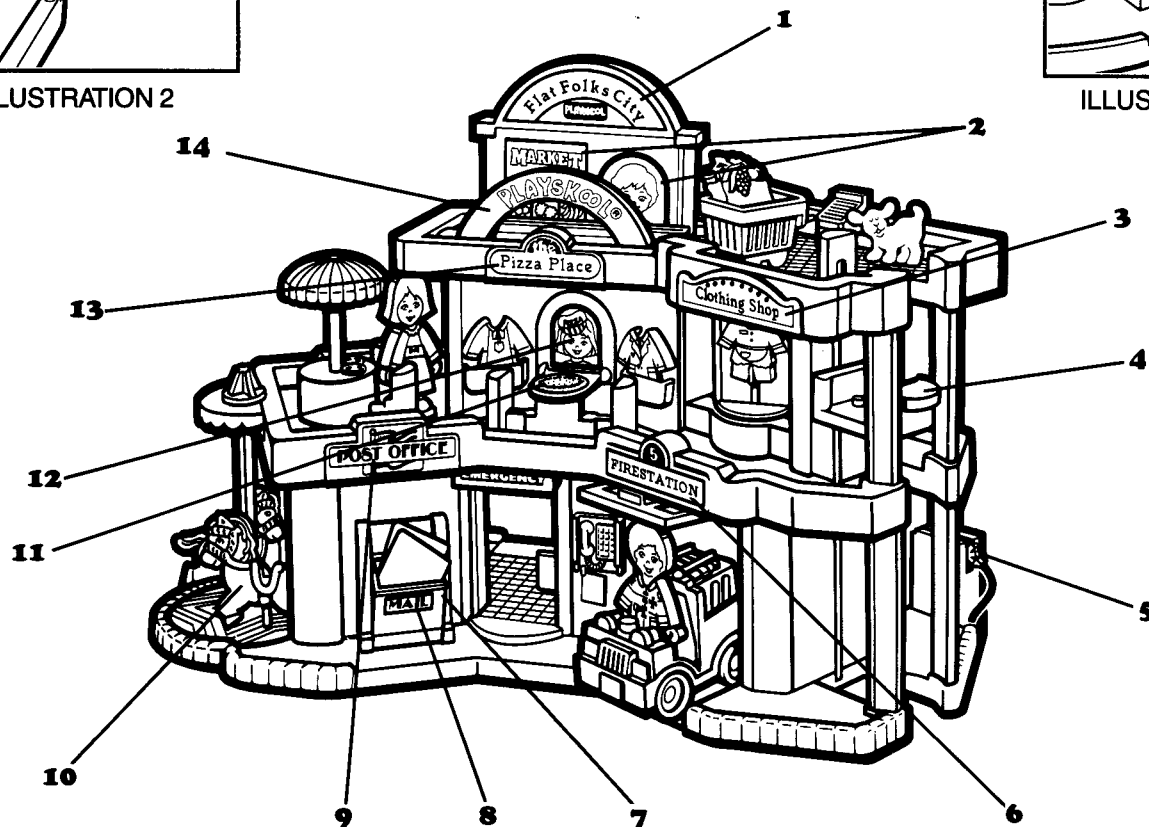

ILLUSTRATION 3

1. The Flat Folks City label (#6) goes here.
2. The Marketplaza label (#2) and the Grocer label (#8) fit here.
3. Place Clothing Shop label (#12) here.
4. You can slide the elevator up and down. Both figures can ride the elevator at once.
5. Fit end of gas hose into hole in base of gas pump. Place gas nozzle on top of pump. (ILL. 2)
6. Put Fire Station label (#3) here.
7. Fit back wall of mailbox into mailbox opening as shown. Snap holes in mailbox over posts on bottom of mailbox opening. (ILL. 3)
8. Apply Mail label (#16) to mailbox.
9. Position Post Office label (#13) here.
10. Figures can ride on the carousel horses. You can also snap the figures' feet over the posts on the base. Turn the knob and watch the carousel go around and around.
11. Snap the posts on the pizza table into the holes in the pizza stand. Swing the table up and press into place to close the pizza stand.
12. Put the Pizza Girl label (#11) here.
13. Fit the Pizza Place label (#15) here.
14. Snap ends of handle into slots in top of playset with Playskool name facing forward.
