

REMOVE THE GAME PARTS

Turn the game base upside down. Pull back the lock tab and lift the scoreboard up and out. Remove the parts.

APPLY THE LABELS

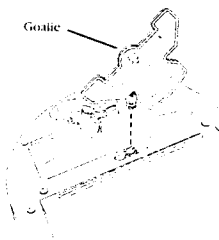

Apply the scoreboard, goalie and sideline barrier labels.

GAME SETUP

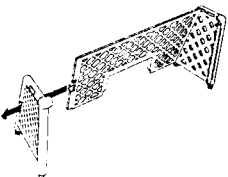

1. Attach the Goalie

Insert the goalie peg firmly into the movable center hole in the game base.

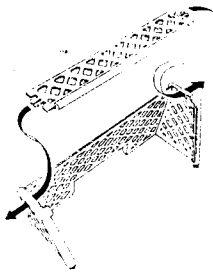

2. Assemble the Goal

Snap the back panel tabs into the side panel slots.

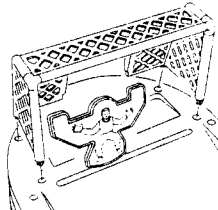

Snap the top panel tabs into the side panel slots.

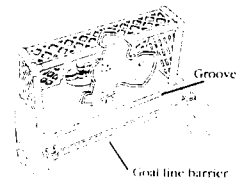

3. Attach the Goal

Attach the assembled goal to the game base.

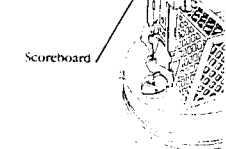

4. Attach the Goal Line Barrier

Tilt the goalie and press the goal line barrier into the goal. Then release the goalie back into the groove.

5. Insert the Scoreboard

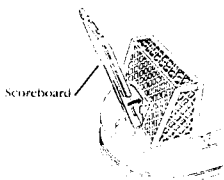

Insert the scoreboard firmly into its holes behind the goal. Then push the scoreboard forward and gently snap it into the goal.

HOW TO PLAY

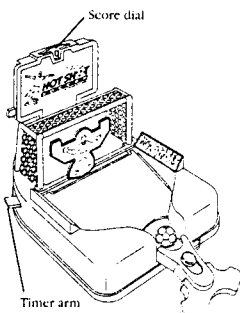

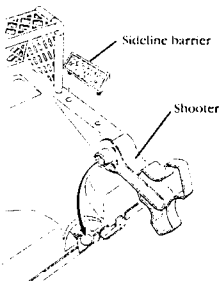

Get Ready! Decide who will go first. On your turn, move the score dial counterclockwise to the "0" position, as shown below.

Load the three balls into the hole behind the scoreboard. The balls will roll down into the tunnel on the left. Slide the timer arm as far as it will go. The goalie will begin moving from side to side.

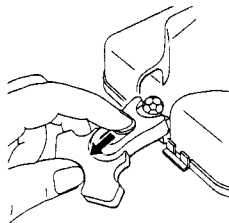

6. Attach the Sideline Barriers and the Shooter

Fit the sideline barrier pegs firmly into the side holes in the game base. Snap the shooter down onto the knob (assembly will be loose).

Shoot for Goals! To release a ball from the tunnel, lift and push the shooter forward until it clicks, then pull back. To shoot the ball, pull back on the yellow button and let go, as shown below. Move the shooter from side to side to aim for the goal. Can you get the ball past the moving goalie? Keep shooting as the timer runs!

Scoring: When the timer stops, your turn is over. Look at the score dial for your score, and remember it as the game continues. Now the next player takes a turn.

HOW TO WIN

After each player has taken a turn, the game is over. The player who scored the most goals wins!

TEAM PLAY

Split up into two teams of equal numbers. Teams alternate turns and keep track of their scores. After all players have taken a turn, the game ends. Add up the points for each team. The team with the highest total wins!

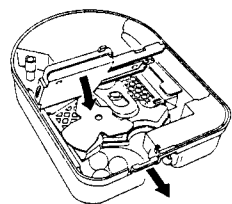

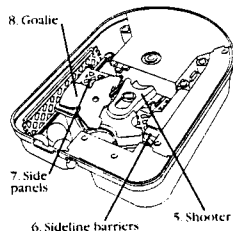

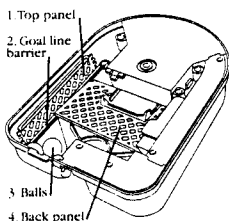

SOLO PLAY

No one to play with? Play by the same rules, and try to improve your score!

Each goal is worth 1 point. The score dial will automatically keep track of your score.

STORING THE GAME

Remove the parts from the game base. Store them in the order shown below, then snap the scoreboard firmly into place.
