SAN FRANCISCO
MADE IN U.S.A.

CHICAGO

FOR CHILDREN OF KINDERGARTEN AGE

The idea is to place the cut-outs in their proper places on the cards.

Have each child select a card. Then have the children search for the various cut-out figures which fit into their cards.

Jolly Jingle Number Cards will furnish hours of pleasure and will also help the youngsters learn their numbers.

FUN CARDS

The Alphabet set is also highly recommended.
AT ALL DEALERS

PLAYING

Let the child open one of the pills, withdraw the rolled paper, and read (or have read) the instructions printed on it. Then let him carry out these instructions as well as he can before allowing him to have another pill and set of instructions with which to work. It is important that only one pill be opened at a time and that the instructions be completed to the best of the child's ability or the game loses a great deal of its merit as an amusement.

THE FINISH

When the pills have all been used, the child should be made to roll up all the papers, to put them back one in each pill, and to replace the pills in the box which should be put aside for another rainy day.

PURPOSE

"Jolly Pills" has been designed as an amusement for young children when confined to the house by sickness or weather.

PREPARATION

Provide the child with a number of old magazines, blunt scissors, a pencil, a box of colored crayons, some paste and some paper, and one or more of the little pills that you will find in the "Jolly Pills" box.
