

1. JIGGLYPUFF #39 IS YOURS

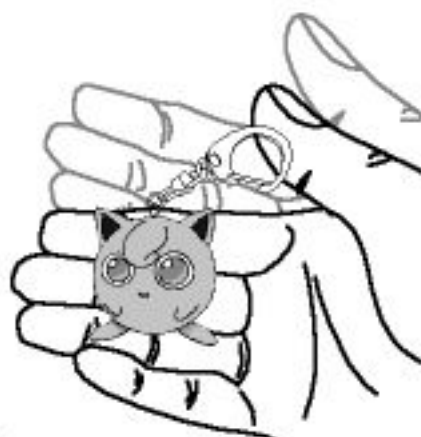

Jigglypuff is a Pokémon of the balloon species. It is 1 foot, 8 inches tall and weighs 12 pounds. When its huge eyes light up, it sings a mysteriously soothing melody that lulls its enemies to sleep! Its attacks are singing, pounding, disabling, and defense curl.

2. HOW TO USE

On the bottom of your Jigglypuff keychain is a switch. Turn the switch clockwise to turn it on!

Now whenever you pick up your Jigglypuff keychain and jiggle it, it will light up. The flashing lights make Jigglypuff appear to be life like! The keychain really puts the "jiggle" into Jigglypuff! To turn off the light, just turn the switch on the bottom of the unit counterclockwise.

Your Jigglypuff unit comes with a powerful electric cell that will give you about 120,000 flashes of light! Now THAT's Pokémon power! This electric cell cannot be replaced.

3. CAUTION

- A non-replaceable electric cell is used in this product.
- Do not disassemble this product to prevent children from swallowing the electric cell.
- Do not allow children below the age of three to hold this product in order to prevent them from swallowing it.
- Throw away the transparent plastic material after you open the package. It is just packing material and is not part of the keychain.
- For information on this product's 90-Day Limited Warranty, please call Tiger Electronics, Ltd. at 1-800-844-3733.

Note: This product is disposable, and you cannot replace the electric cell.
