

MICKEY

THE BALANCING BAKER™

INSTRUCTIONS

2 to 4 Players

OBJECT: Be the first player to stack all of your pies on Mickey's trays!

CONTENTS: 1 Balancing Baker Unit, 1 Plastic Base, 2 Plastic Trays, 12 Plastic Pies

What happens next...

If you place your pie without having it, or any of the other pies already on the tray(s) fall off, your turn is over.

If the pie you just placed falls, or if you knock off any of the pies that are already on Mickey's trays, you must take the fallen pies and add them to your pie pile! Then, you must try again to place a pie on one of Mickey's trays to complete your turn.

How to Win

If you're the first player to stack all of your pies on Mickey's trays without knocking any of the pies off, you win! Hooray!

Hey Kids! It's time to play MICKEY The Balancing Baker!

Figure 1

Getting Started

First, insert Mickey's body into the game base as shown. The base makes Mickey wobble! (Fig. 1)
Next, slide the trays onto Mickey's hands until they snap securely in place. One tray in each hand helps to keep Mickey balanced! (Fig. 2)

How to Play

The youngest player goes first. Play then continues clockwise.
Keep one hand on your pie pile at all times.

Figure 3

Figure 2

Place Mickey in the center of a hard, flat playing surface. An unscratchable table is great! Even the floor will do!

Now, make sure every player has the same number of pies.

Okay, kids. Everyone gather around Mickey. It's time to play!

Figure 4

On your turn, take one of your pies and place it on either one of Mickey's trays. You may only use your free hand to place the pie! (Fig. 3)

Be careful!
Mickey loves to wobble and bobble! (Fig. 4)
