

# Match & Stack Blocks Game

## INSTRUCTIONS

1 to 4 Players

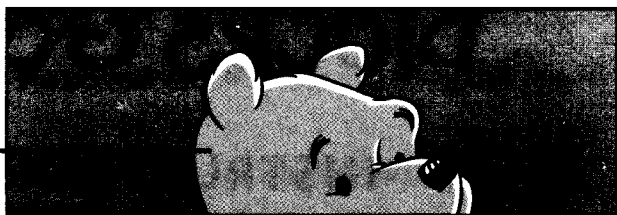

**Contents:** 16 colorful plastic blocks

**Object:** Be the first player to build a fun Pooh character by collecting the blocks you need in order (first the feet, then the tummy, then the arms, and lastly the head)!

**How to Build:** Match and stack up your character's blocks in order, from the feet up! There are four characters you might build: Pooh, Piglet, Eeyore or Tigger. (See them all on the package!) There are four blocks that make up each character.

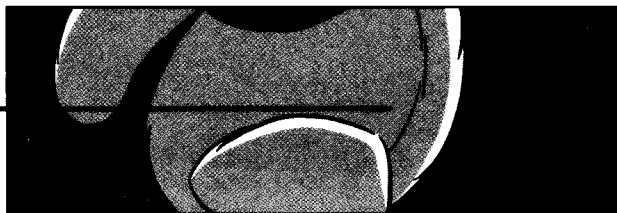

4. Finish with the head!

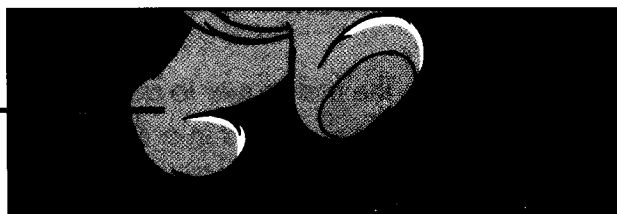

3. Next the arms!

2. Then the tummy!

1. Feet first!

## Let's Play!

**1. Mix up the Blocks!** Place all 16 blocks facedown on the table so they are cloud-side up. Then mix them up. The youngest player goes first. Play continues clockwise as each player takes a turn.

**2. Pick Your Character to Match!** Pick up one block per turn as you try to find a character's feet first. This will be the character you will build in this game. (It may take several turns to find some feet.) Then, on future turns, start collecting matching blocks in order and stacking them up!

**3. On Your Turn:** Pick up a block and turn it over to see what you've found!

- Keep the block if it's a MATCH and stack it up!
- Put the block back where it was, cloud-side up, if it's NOT a match. But first show it to everyone!

*Note:* If the block matches your character, but is NOT the next one you need, you cannot keep it. Put it back but remember where it is for when you do need it!

Your turn is then over. Now it's another player's turn to choose a block!

## Who Wins?

The first player to find all 4 blocks of the same character, in the correct order, wins the game!

## A Hint for Younger Players:

Younger players may want to collect their character's blocks in any order for the first game or two.

## A Game for One Player

**Object:** Build Pooh in the correct order *before* you complete any other character!

**How to Play:** Follow the same rules as above, except you must build as many characters as you find feet for. Continue to build each character in order as you pick up blocks.

**How to Win:** Finish building Pooh first, in the correct order, to win!
