

SLAM BACK™

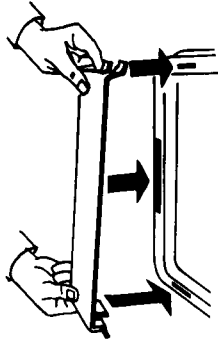

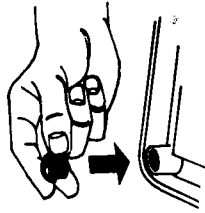

INSTRUCTIONS

4440

TO PREPARE THE GAME:

Assemble rubber feet and guard to playing board as illustrated.

NOTE: For a faster game, and also to preserve the playing surface, we recommend applying a household furniture polish to the playing surface before playing the first time and after each hour of use.

OBJECT OF THE GAME:

To be the first player to score 15 points.

SERVING:

The person serving the ball places it on the playing surface in front of him and strikes it with his mallet. With a good shot, the ball will bounce off the front wall and go towards the opponent's scoring wall.

VOLLEY FOR SERVE:

To determine who serves first, either player serves to start a volley. Each player must strike the ball twice before the serve is won. The player who wins the point has the privilege of serving first.

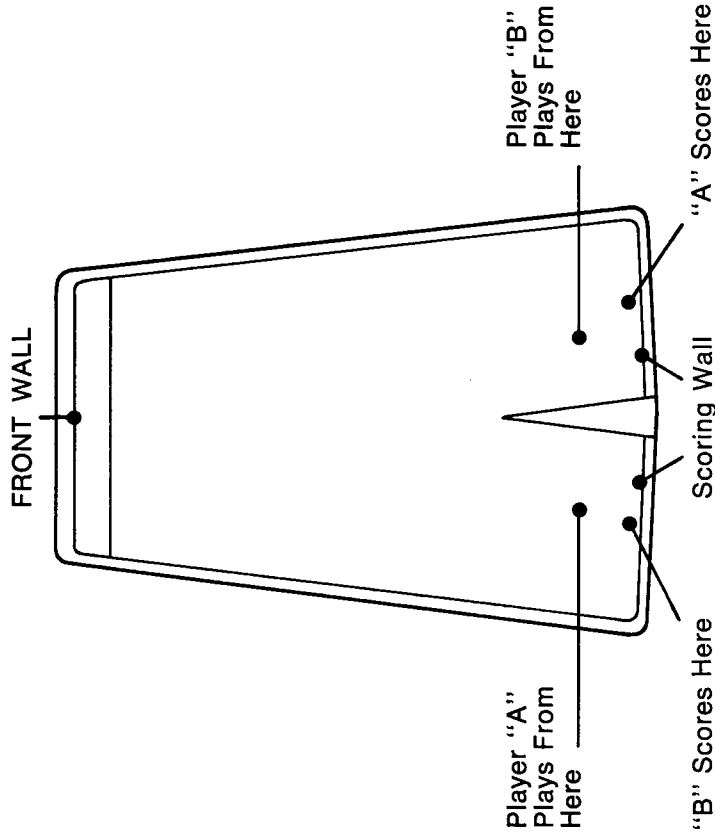

SCORING:

Either player may hit the ball any number of times in succession. (He need not return it to his opponent every time, although it usually is to his advantage if he does.) A point is scored when a player allows the ball to hit his scoring wall regardless of who hit the ball last. The player who loses the point serves to his opponent.

An alternate method of scoring is that a point can only be won by the player serving the ball. He continues to serve as long as he wins the point. If he does not win the point when he has served, his opponent serves the ball.

WINNING THE GAME:

The first player to accumulate 15 points wins the game except he must win by 2 points. If the game is tied at either 13 or 14 points each, it is called "DEUCE" (as in tennis and table tennis), and the players alternate serving the ball until the game ends with one of the players winning by 2 points. After "DEUCE," the player scoring a point says "MY AD" (advantage) and on the next serve he wins the game or it once again is "DEUCE."

AFTER EACH GAME:

The players change sides. The person who lost the previous game serves first in the next game.

To obtain the replacement parts listed below, send check or money order (no C.O.D.'s please) to:

**MILTON BRADLEY COMPANY
SPRINGFIELD, MASSACHUSETTS 01101**

We pay mailing and handling charges. Be sure to give the Part Number, Description and Quantity desired. Print your name, address and zip number clearly.

PART NUMBER	DESCRIPTION	PRICE (EACH)
4461	Mallet(Complete)	\$1.00
4462	Ball	.25
