"BROADSIDE" AIRCRAFT CARRIER

VIBRO-AXE

PLASMA-PULSE GUN

2 MISSILES

LABEL SHEET

TECH SPECS DECODER

## START JET

To transform aircraft carrier into jet, follow these step-by-step instructions.

## STEP 1

Swing out sides of carrier deck to form jet wings.  
Swing up bow of carrier to reveal nose of jet.  
Lock bow into position.

## STEP 2

Swing up stern of carrier to reveal jet tail wings. Lock stern into position. Swing out tail wings.

## STEP 3

Turn carrier over. Swing up chrome rudders.

## FINISH

Insert post on wing tip into hole in missile. Repeat with other missile.

## START ROBOT

To transform jet into robot, follow these step-by-step instructions.

## STEP 1

Swing down chrome rudders. Pivot up rear jet engines to form robot feet.

## STEP 2

Stand robot. Remove missiles from wing tips. Swing up tail wings.

## STEP 3

Swing up jet wings. Slide out robot arms as shown. Swing up robot arms.

## STEP 4

Swing down nose of jet to reveal robot head. Insert post on plasma-pulse gun into hole in robot fist. Insert handle of vibro-axe into hole in robot's other fist. For added firepower, the missiles may also be inserted into the robot's fists in place of other weapons.

## FINISH

Peel and apply labels as shown. To transform back, reverse the order of the instructions.

## PROOF OF AUTHENTICITY

Can you find the black square label on your TRANSFORMER?

Rub the label —

Watch the robot face appear!

It is your evidence that this robot is a *true* TRANSFORMER!

## COLLECT AND SAVE!

Clip and save the ROBOT POINTS printed on Hasbro Transformers packages. Then send them in for special Transformers offers!

## STUDY YOUR TRANSFORMER'S TECH SPECS

Each Transformer has different levels of strength, speed, skill, etc. Clip the bio card and Tech Specs from the package. Use the special red decoder enclosed to decipher the specs — just lay it over the graph!
