

Treasure Box™ TREASURE ROCKS™

Ages 4 & Up

Instructions

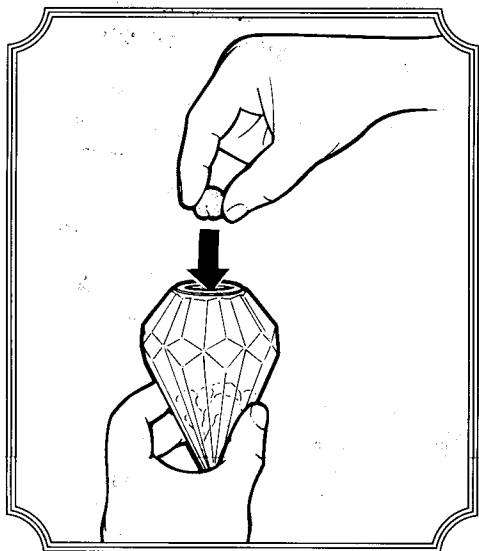

WARNING: Contains small parts which pose a choke hazard for children under the age of three.

NOTE TO PARENTS

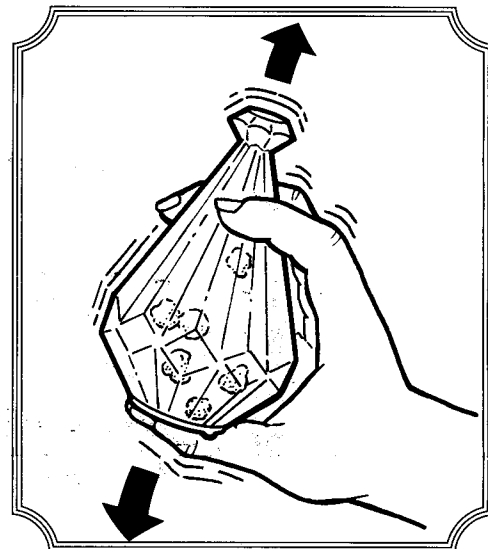

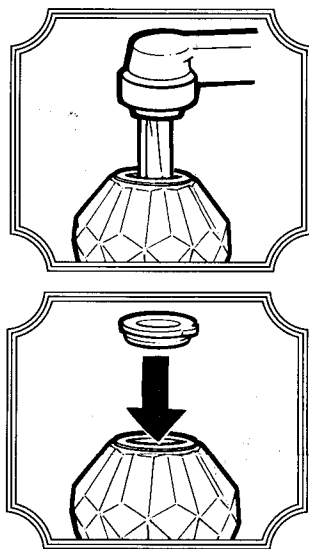

Inside each Treasure Rock is a plastic jewel. The jewel is a small part and represents a choking or inhalation hazard to children under 4 years of age. The coating of each Treasure Rock, which dissolves in water, contains a nontoxic but bad-tasting ingredient designed to make children remove the Rock if they should ever place one in their mouths. To avoid that possibility, keep Treasure Rocks away from children under 4. PLEASE NOTE: To remove parts from runner frames, simply twist off. After removing parts, use safety scissors to trim all excess plastic.

Includes: Treasure Box, 24 Treasure Rocks (including a special stone), Magical Revealers, 10 Treasure Rocks gem settings (on Treasure Box) and Magic Ring setting.

TO REVEAL YOUR TREASURE ROCKS:

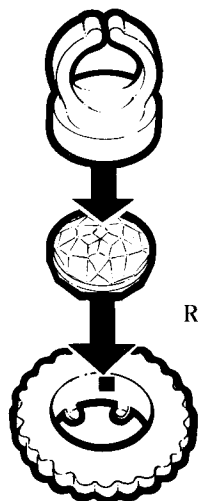

1. Hold Magical Revealers upside down as shown. Place anywhere from 1 to 6 Treasure Rocks into the Revealers. Fill with warm water almost to top, leaving about 1" of open space. Cover opening with plug.

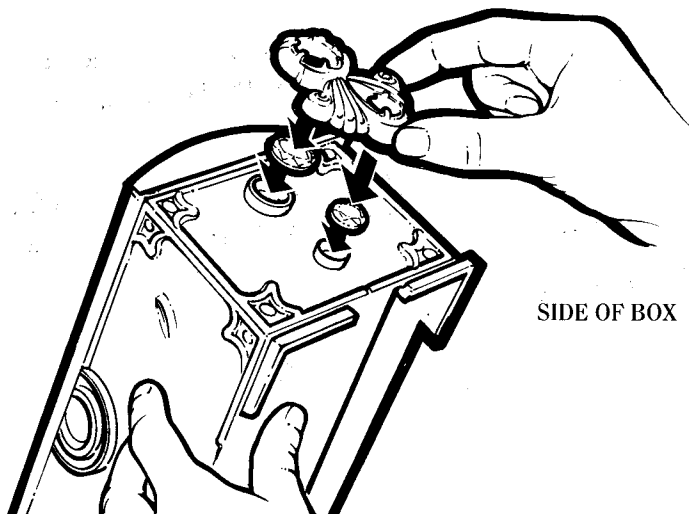

2. Now hold Magical Revealers as shown, placing your thumb over the plug. Shake vigorously for about one minute. Before your eyes, the rocks will magically transform into beautiful jewels!

3. Take Magical Revealers to a sink and drain water. Look at the beautiful, sparkling jewels! (Be careful not to pour them down the drain!) Now the colorful jewels are ready to be placed in the jewelry settings!

MAKING THE RING AND JEWELRY DECORATIONS: The Treasure Box comes with parts to make a magic ring and 11 settings to decorate the Treasure Box! To create your magic ring, place a round jewel onto the ring base. Press ring top onto ring base. Fit the jewels on top of the matching settings on the front, top and sides of Treasure Box. Then press the jewel settings over the jewels to make beautiful, sparkling creations! (Or you may also place the jewels into the jewel settings and press the settings onto the Treasure Box). The jewel decorations can be taken apart and re-made with differently colored jewels. You also have Treasure Rocks left to store in your Treasure Box for future use!

OF BOX

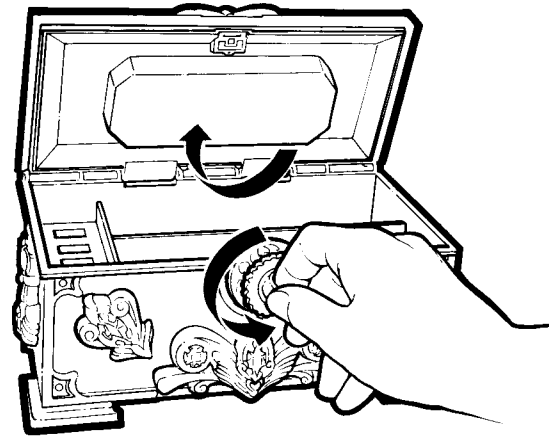

USING THE TREASURE BOX: Press the narrow round design over the dial on the Treasure Box as shown. Insert the top of the magic ring into the opening on the dial (tabs on ring into slots on dial)(ILL. 1). Turn the ring to the left to lift the cover and inner lid (ILL. 2). The bottom of the Treasure Box has three compartments to store your jewelry and Treasure Rocks rings.

Turn the ring to the right to lift the cover (ILL. 3). This will reveal the secret top compartment. Here is where you can store your most precious jewels!
