NEO SAPIENS™ >> No-nonsense, technologically advanced people. Planet's most common species. Live in techno-feldons ruled by a single king. Advanced military; peacekeepers of the world. Regard fringe reports of man-sized insects and fiery monsters as "highly unlikely."
ALPHA RANGER >> Vanguard of the king's forces. Know their way around just about every weapon ever invented. Rigorous training includes advanced skills in demolitions and hand-to-hand combat. Can adapt to any battle situation. Almost annoyingly cool under fire.
