

Then flip it, flop it, turn it,
twist it.

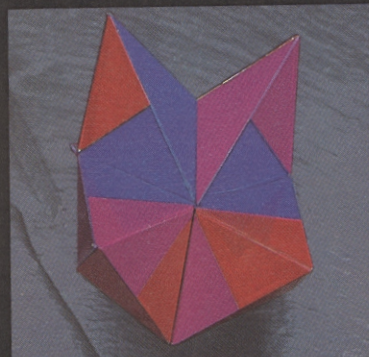

Can you turn a Caterpillar...

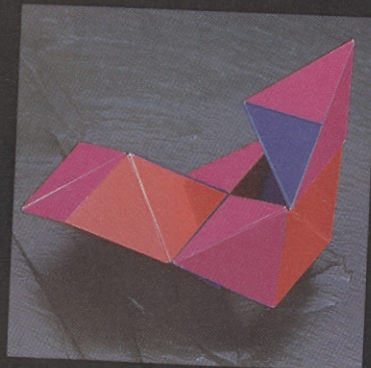

...into a Butterfly?

Now try these: Cat

Nesting Bird

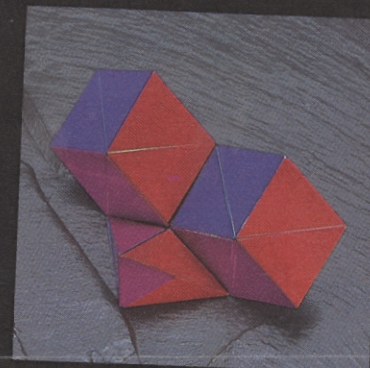

Yoshi'sTM

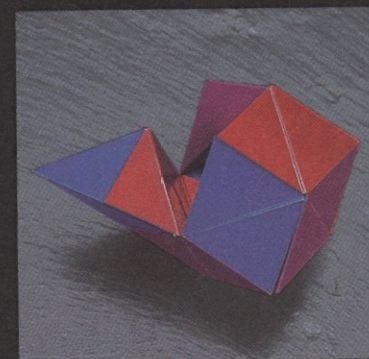

PUZZLE

"Yoshi" is the well-known Japanese sculptor Naoki Yoshimoto, whose sculpture is very geometric in nature. In YOSHI'S PUZZLE, East meets West in an artistic riddle that offers endless challenge...and endless solutions. We've shown you 28 designs here. How many can you come up with?

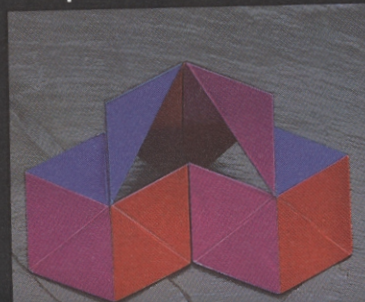

Mouse

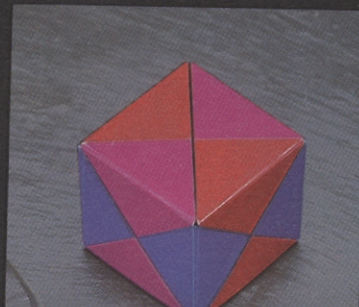

Snail

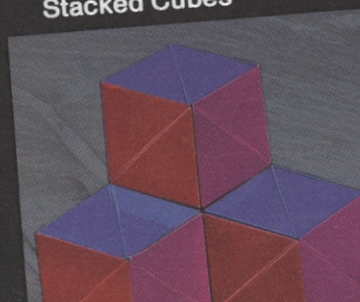

Squawking Boxes

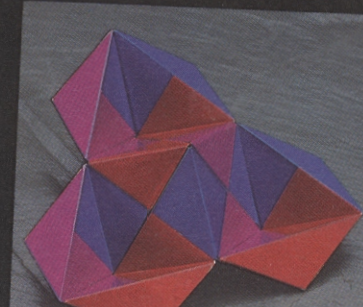

Cube

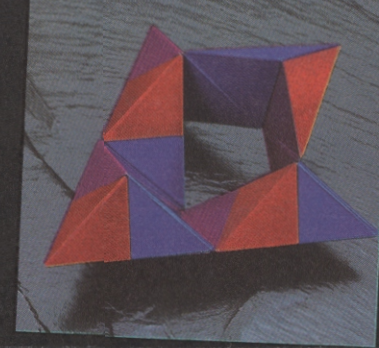

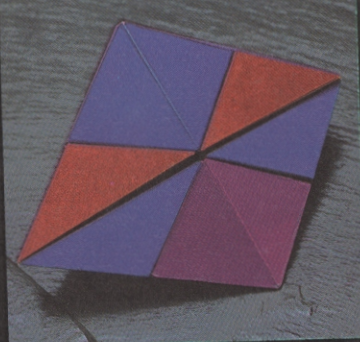

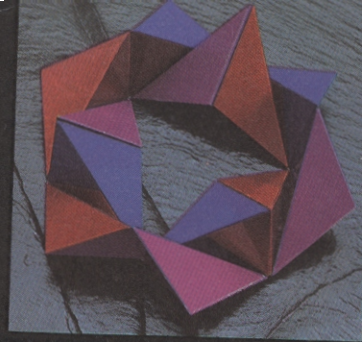

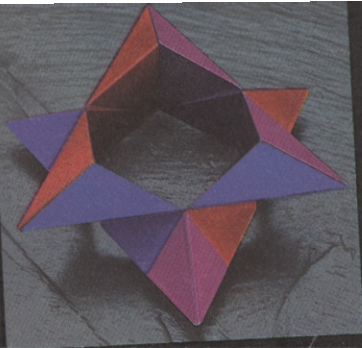

Stacked Cubes

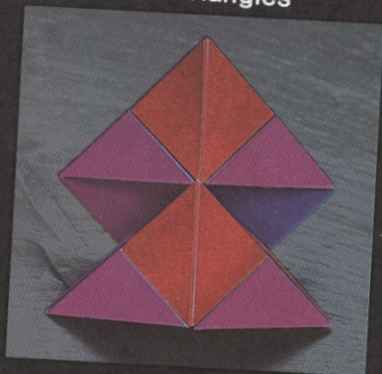

Captured Cube

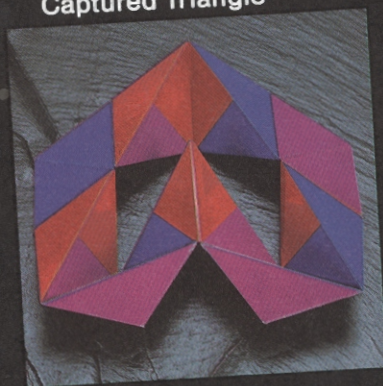

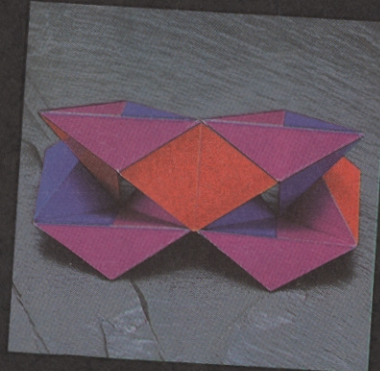

Stacked Triangles

Captured Triangle

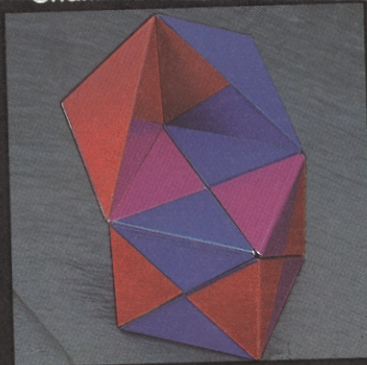

Binoculars

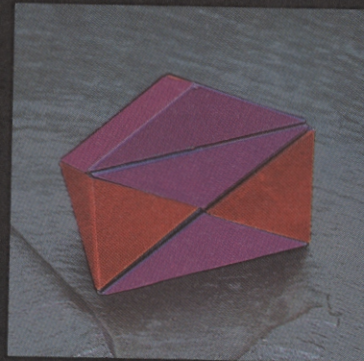

Box Kite

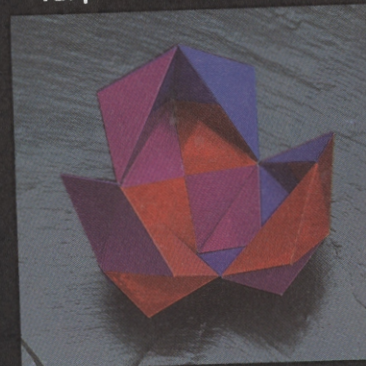

Chair

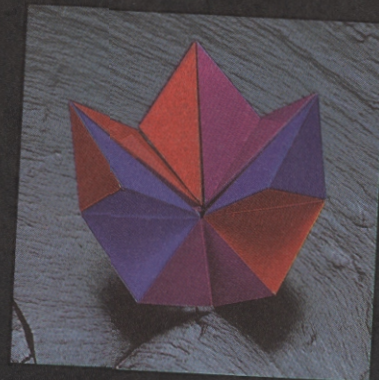

House

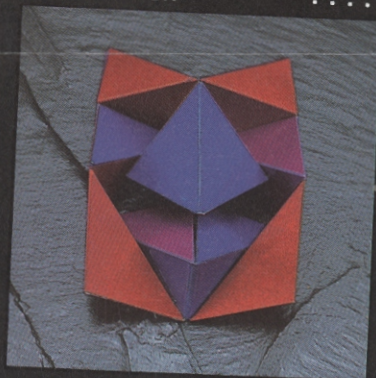

Tulip

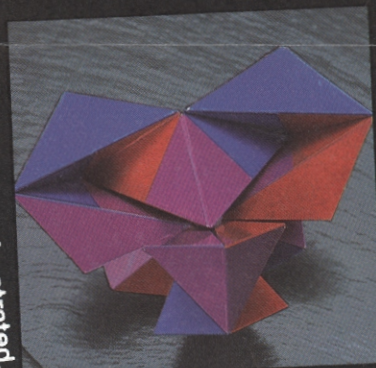

Maple Leaf

Tiki Mask

And if you're frustrated,

.... For an added dimension, try working with two or more
