

KEEP PLAYING!

Extend the fun of Let's Go to the Park and help all of your child's natural abilities blossom with these do-together activities.

DISCOVER

•Use the cards to play seek and find around your house. When you're hunting for the objects, anything goes: You can look for stuffed animals, toys, pictures in books or on clothes — even things in the refrigerator.

•Take a book of cards with you the next time you go to the park. See how many things on the cards you can find there!

PERFORM

•Take turns acting out things you see in the picture. You can use sounds, too!

•Pick three cards and see how quickly you can find the things on the cards. Then pick three new cards and try to beat your time.

CREATE

•Hunt for different shapes in the picture. See how many circles, squares, triangles, rectangles, and ovals you can find.

•After you finish the puzzle, use the pen to draw yourself (and your friends, family members, pets, or anything else you want) in the picture.

CONNECT

•Tell each other stories about what you see in the picture, or make up a story together. What are your favorite things in the picture?

•Go through the alphabet and try to spot something in the picture that starts with each letter. If you can't find something for a letter, make something up or draw it in with your pen!
