

TEAM UP FOR THE HUNT

Ready for a super-fun scavenger hunt? Print this list and see how many things you can find! What can you balance on your elbow? How quickly can you find something with polka dots? You'll have a blast trying to find them all!

If more than six people are playing, you can split into teams and divide up the list. For an added challenge, try to find everything in 15 minutes. If you don't have a lot of time to play, try to find just five of these things.

It's that easy — and you can use these ideas to make your own lists, too!

- Something that bounces
- A memento from a family trip
- Three things that are the same color
- Something you would take to the beach
- Something silly you can wear as a hat
- Something smaller than a penny
- Five things that start with the letter S
- Something with polka dots
- Something that floats
- A piece of clothing you'd never wear
- A sparkly sticker
- Something with holes
- A picture of a kid making a funny face
- Something older than you are
- Something you could use as a straw
- Something fuzzy
- A finger painting
- Something you can balance on your elbow
- A paper airplane
- Something squishy
- Something that smells good
- A story about your mom or dad as a kid
