**10+**  
PLAYERS 2-4 E5645

## Virtual Rules

### Get Ready!

\*All rules in blue are for players who do not have a copy of the game\*

- 1 Place stack of shuffled cards in front of you. **Print out PDF below for cards, or in one minute find as many objects in your house as you can and have them nearby.**
- 2 Place Truth and Lie tiles face down. **Draw your own Truth/Lie tiles, find a coin, or pick a card from a deck (ex: red equals Truth, black equals Lie).**
- 3 Call the other player on any video chat program. Place phone or laptop so they can only see your face.
- 4 Decide on a predetermined score to win.

#### Hint:

**If you choose to play with found objects from around your house, the crazier the better!**

## Play! (2 Players)

- 1 **The Describer**  
Without letting your opponent see, flip over one of the tiles in front of you, revealing either TRUTH or LIE. Now you know if you're supposed to tell the truth or lie this round!
- 2 Pick any card from your deck without letting the other player see. **Pick a printed card or one of your objects.**
- 3 When you're ready, tell your opponent what you see — either being honest or lying, depending on what tile you flipped. For dramatic effect, get EXTRA close to the camera.

## The Guesser

- 1 You get to ask **three questions** about the item your opponent described.
- 2 The Describer then answers you based on the tile they flipped over earlier. If they flipped TRUTH, they must answer you honestly. If they flipped LIE, they must make up an answer that builds on their lie.
- 3 Once all **three questions** have been asked and answered, it's time for a verdict! Say whether you think the Describer is telling the truth or lying.
- 4 The Describer then reveals their tile. If the Guesser got it right, they win a point for the round! If they were wrong, the Describer wins.

**Mix it Up! Make up consequences, such as having the loser answer truth or dare questions!**

## Play! (4 Players)

### The Describers

- 1 Without letting your opponents see, each Describer flips over a tile. One of you will lie and the other will tell the truth!
- 2 Together, pick any card from the deck without letting the other team see. **Pick a printed card or one of your objects.**
- 3 When you're ready, tell your opponents what you see — either being honest or lying, depending on what tile you have. For dramatic effect, get EXTRA close to the camera.

### The Guessers

- 1 Each of you gets to ask **two questions**. You can ask one to each Describer or both to the same Describer.
- 2 The Describers must then answer you based on the tile they flipped over earlier (Truth or Lie).
- 3 Once all **four questions** have been asked and answered, it's time for a verdict! As a team, declare who you think is lying and who you think is telling the truth.
- 4 The Describers then reveal their tiles. If the Guessers got it right, they win a point for the round! If they were wrong, the Describer team wins a point.

Cut out cards and place face down in a pile.
