

HOW-TO FRIENDSHIP BRACELET!

Friendship is Magic...but it's also bracelets!

Everypony has cardboard!
So use that to make your loom! ❤️

Start by tracing the rim of a cup onto the cardboard, then have a parent cut it out.

Next, have a parent snip 8 slits around the edge of the loom (each about 1/4 inch deep) and put a small hole in the center.

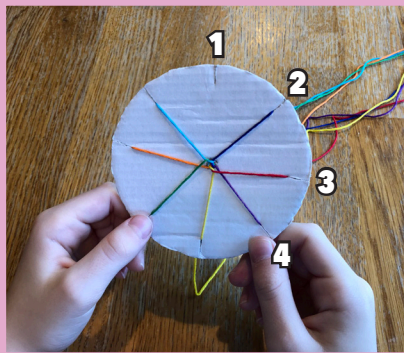

Measure and cut 7 strands of **COLORFUL** string to about 28 inches long.

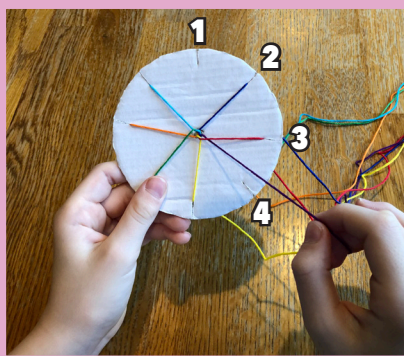

Thread the strands through the hole in the center of your loom and tie them together in a knot 1 inch from the end.

So now you have **8 slits** and only **7 colors**...
What's a pony to do?

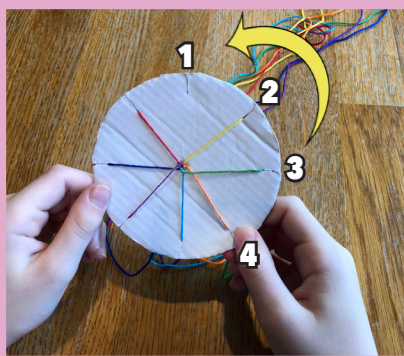

It's OK! You need this empty space.

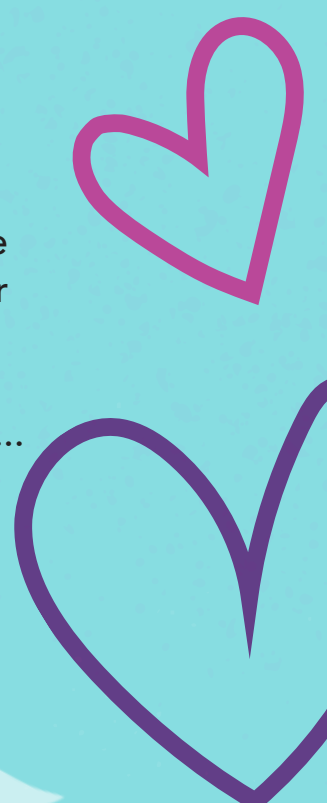

Place each of the 7 strands into the slits on your loom and turn it so that the empty space is at the top.

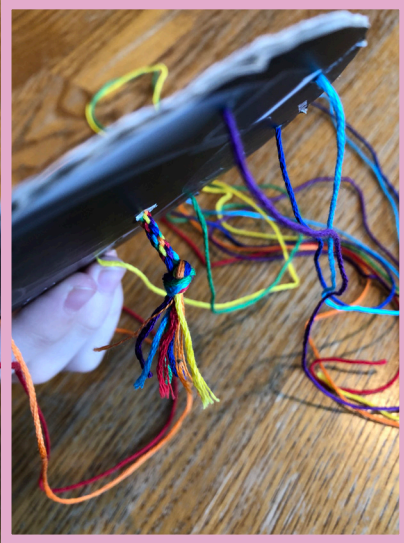

The string that is in position #4 moves to the top.

Like a Sonic Rainboom, rotate the loom **counter-clockwise** so that the empty space is at the top.

Keep going! Move the string from position #4 up to the top and repeat! And just like magic, TADA! You'll see your bracelet start to grow!

Once your bracelet is long enough, remove it from the loom and tie off the ends.

Now share with a friend!
