

# BASIC PLAY

AGES 3-7

Hey Grown-ups!

This playbook is a great tool to help you introduce the toy and teach your child how to use it. Follow along together to help guide your child for a rewarding play experience.

**Keep in mind:** Since you know your child best, it is up to you to pick which products and resources are most appropriate for his or her level of ability. Make sure you supervise the play as needed, and don't modify the products. Looking for more guidance for your child's play level? Please visit [www.autismproject.org](http://www.autismproject.org) for more information.
