**PROJECTOR**

Flip the switch on the side of the camera from camera mode to projector mode. For best picture quality, place the camera approximately 24 inches from projection surface. Images will project from camera lens when in projection mode.

There are 3 fun ways you can project your photos!

- Press 🖼️ for an automatic slideshow with fun sound effects.
- Press ✨ for 1 of 5 slideshow themes based on the stamps you choose.
- Use the 🎆 or 🎉 arrows on 🗣️ to scroll through your photos manually.

**NOTE:** Projection resolution is less than actual photo resolution. For full quality photos, download to a computer. Projected photos appear square. Actual photos will preview and print in rectangular landscape format.

---

**REVIEW**

Press any of the ✴️ scroll buttons to see the last photo taken.

Press 🔄 to scroll forward. Press ◀️ to scroll backward. Images will appear in reverse chronological order. Animated pictures will play automatically.

---

**STAMPS, STORIES & ANIMATIONS**

1. Before taking a photo in camera mode, press 😃.
2. Use the 🤗 or 🎉 arrows to browse through all stamps, frames, stories, and animations.
   HINT: You can also press the 😃 and 🎉 arrows to quickly toggle between stamps, stories and animations.
3. Once you find the effect you’d like to use, aim camera and press 📸.

---

**DOWNLOAD**

No software required. USB cable required but not included.

1. Slide open the USB port. Connect the small end of the USB cable (not included) into the USB port on your camera, and connect the large end to the USB port on your computer.
2. The camera will appear connected to your computer as a drive, similar to a flash drive. Drag the drive folder to your desktop to transfer images to your computer.

**DO NOT DISCONNECT USB CABLE FROM THE CAMERA OR THE COMPUTER WHILE THE IMAGES ARE TRANSFERRING TO YOUR COMPUTER.**
3. You can disconnect the USB cable when the 📮 stops flashing.

Note: Animations and sound effects will not transfer onto the computer.

---

**DELETE**

While viewing any photo, press 🖈️.

When 🗑️ appears, press 🖈️ again.

To delete ALL of your photos, press and hold 🗑️ for 5 seconds until 🗑️ appears. Press again to delete all photos.

Change your mind? When 🗑️ appears, do NOT press delete again. Wait 10 seconds or press any other button and you will exit out of the delete command.

You cannot delete photos in projector mode.

---

*This can only be done before you take a photo.
### Troubleshooting

### Battery Installation

Phillips/cross head screwdriver (not included) needed to insert batteries. Use screwdriver to loosen screw in battery compartment door (screws remain attached to door). Remove door. Insert 4 x 1.5V fresh AA batteries. Alkaline batteries are required. Replace door and tighten screw.

### Silence Sound Effects

To deactivate all camera sounds, press and hold and at the same time. Hold for 5 seconds and/or until the icon appears.

### FCC Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy, and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Consult the dealer or an experienced radio/TV technician for help.

**CAUTION:** Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.

### Important: Battery Information

**CAUTION:**

1. **To Avoid Battery Leakage**
   a. Always follow the instructions carefully. Use only batteries specified and be sure to insert them correctly by matching the + and – polarity markings.
   b. Do not mix old batteries and new batteries or standard (carbon-zinc) with alkaline batteries.
   c. Remove exhausted or dead batteries from the product.
   d. Remove batteries if product is not to be played with for a long time.
   e. Do not short-circuit the supply terminals.
   f. **Rechargeable Batteries:** Do not mix these with any other types of batteries. Always remove from the product before recharging. Recharge batteries under adult supervision. DO NOT RECHARGE OTHER TYPES OF BATTERIES.

2. Should this product cause, or be affected by, local electrical interference, move it away from other electrical equipment. Reset (switching off and back on again or removing and re-inserting batteries) if necessary.
