

BASIC PLAY

AGES 3+

Hey Grown-ups!

This playbook is a great tool to help you introduce the toy and teach your child how to use it. Follow along together to help guide your child for a rewarding play experience.

Keep in mind: Since you know your child best, it is up to you to pick which products and resources are most appropriate for his or her level of ability. Make sure you supervise the play as needed, and don't modify the products. Looking for more guidance for your child's play level? Please visit www.autismproject.org for more information.

This activity uses the Sweet Tears Baby™ doll.

This is the Baby Alive® Sweet Tears Baby™ doll.

She comes with:

Stethoscope

Bandage

Hair brush

Thermometer

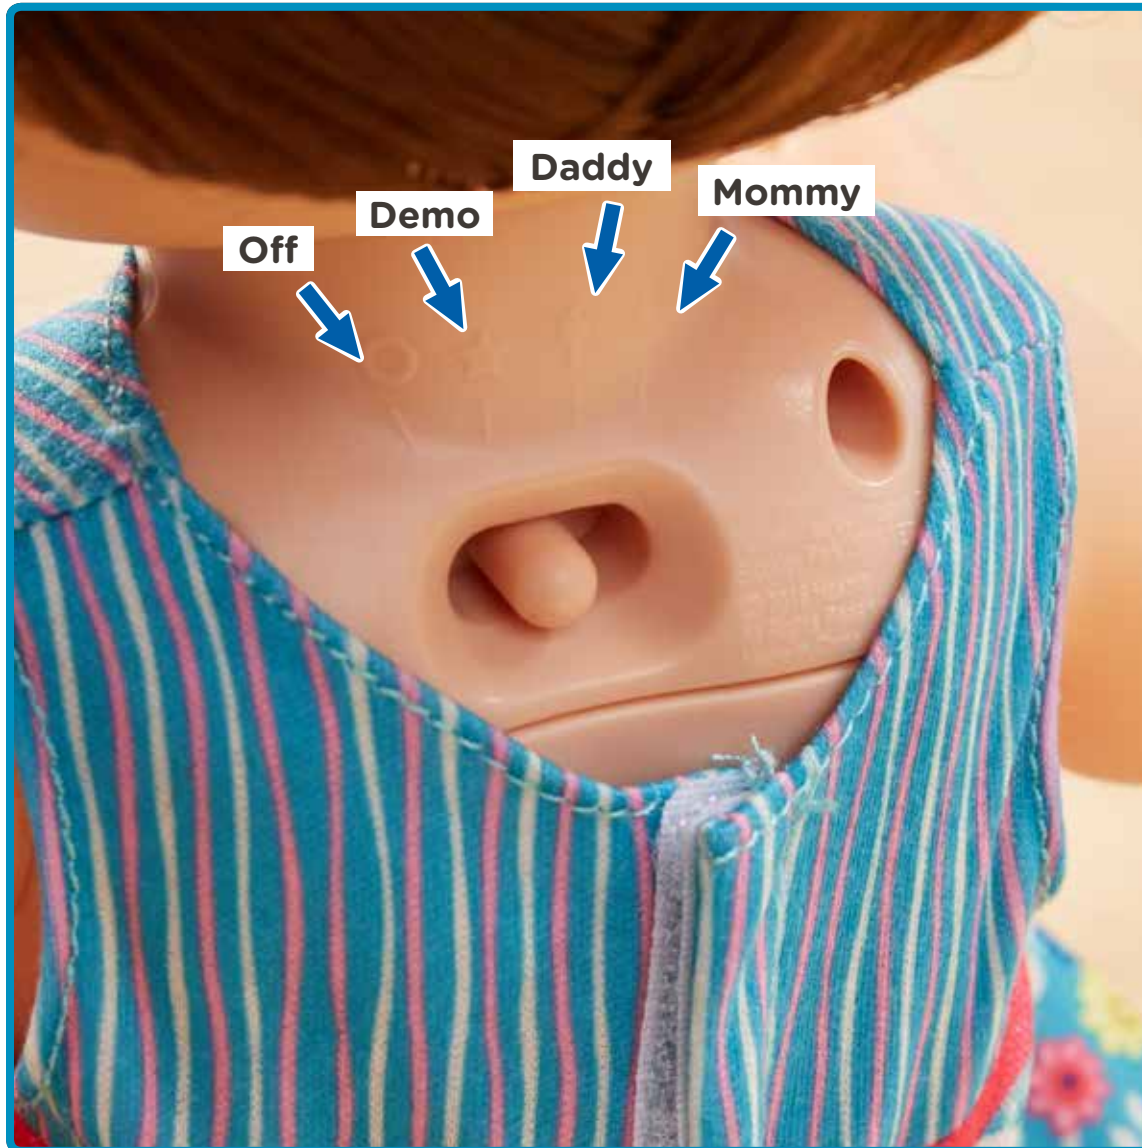

Tissue

“Juice” box

You will also need a bowl filled with water.

The Sweet Tears Baby™ doll can talk! She can call you “Mommy” or “Daddy.” Move the switch to choose what she will call you.

Push here to hear her talk.

**Is your baby doll sick? Help her find out what's wrong!
Let's give her a checkup.**

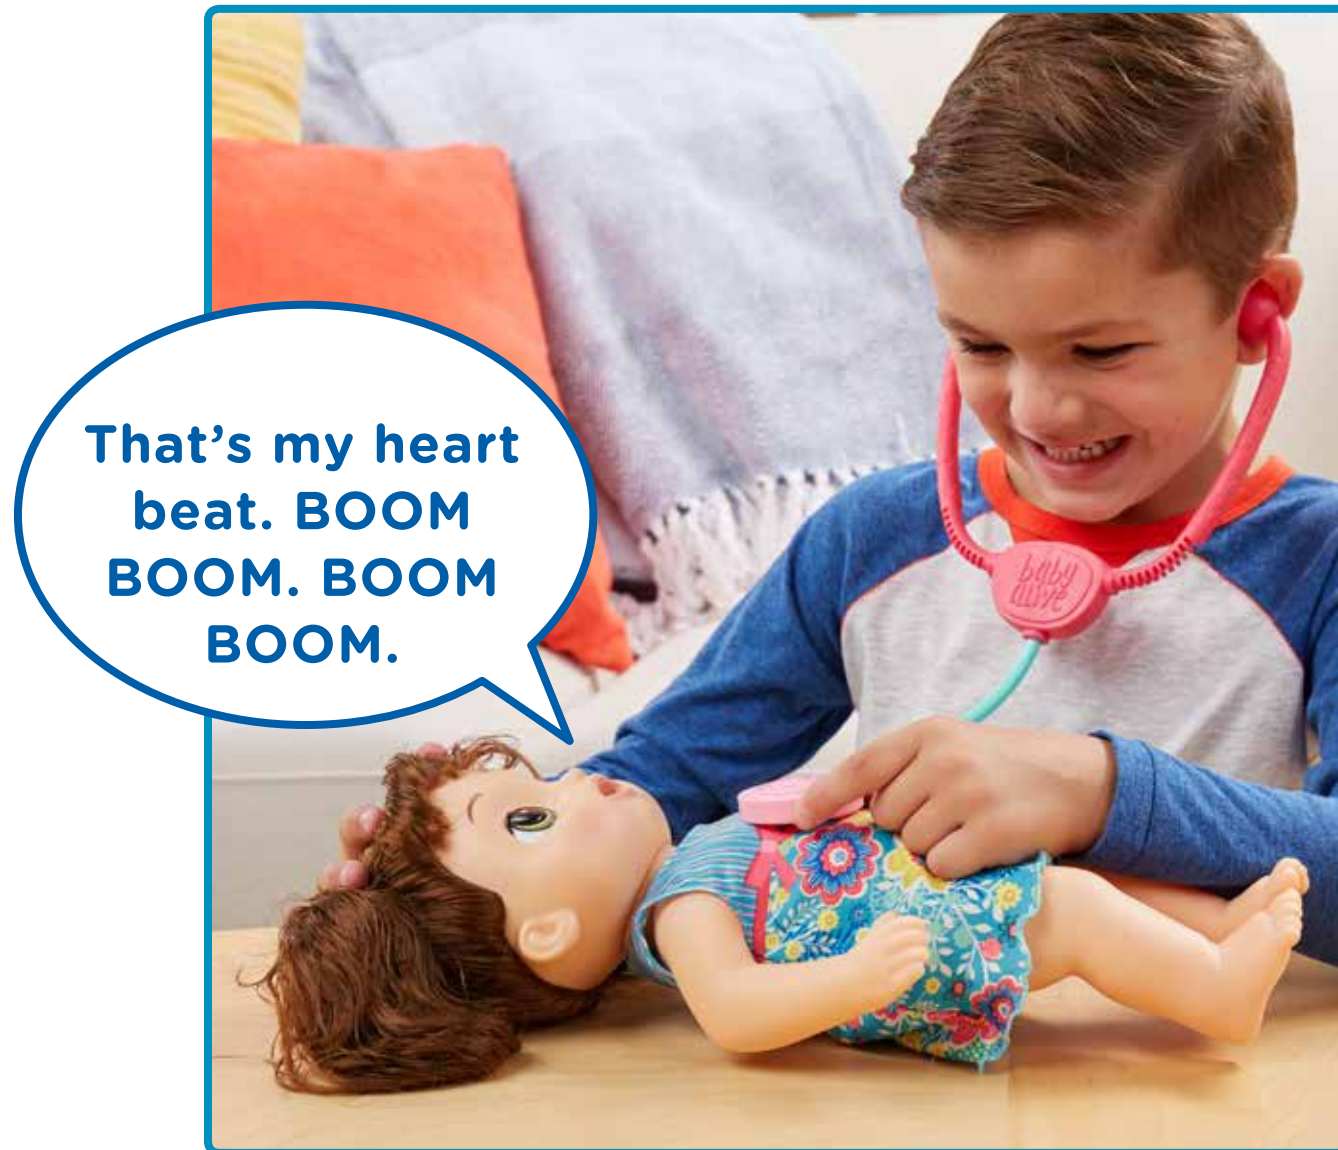

First, take her temperature with the thermometer.

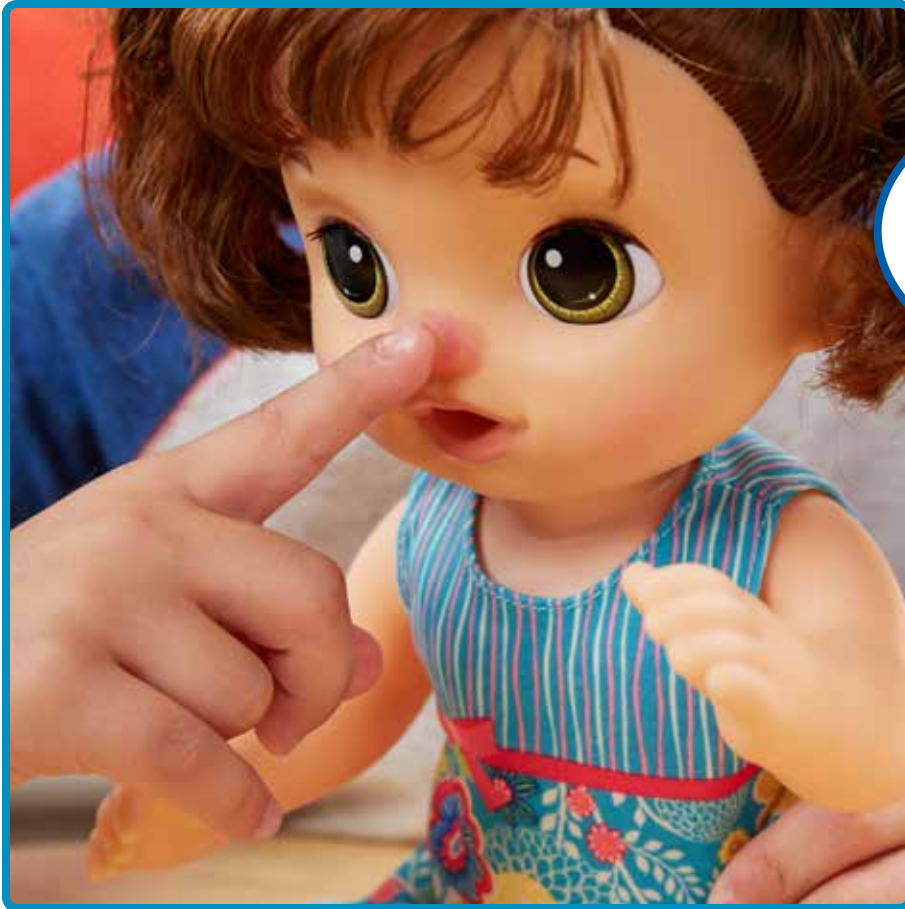

You can say, “Do you have a boo-boo?” and give her a bandage.

Then, check her heartbeat with the stethoscope.

Next, press her nose.
Oh no! It's red. Use the tissue to pretend to wipe her nose.

**Feels so
stuffy in my
nose!**

Your Sweet Tears Baby™ doll can cry tears. Before you play, you can have a grown up help you fill up her “juice” box with water.

First, fill a bowl from home with water. Squeeze the “juice” box before placing in the water to let any air out. Don’t let go!

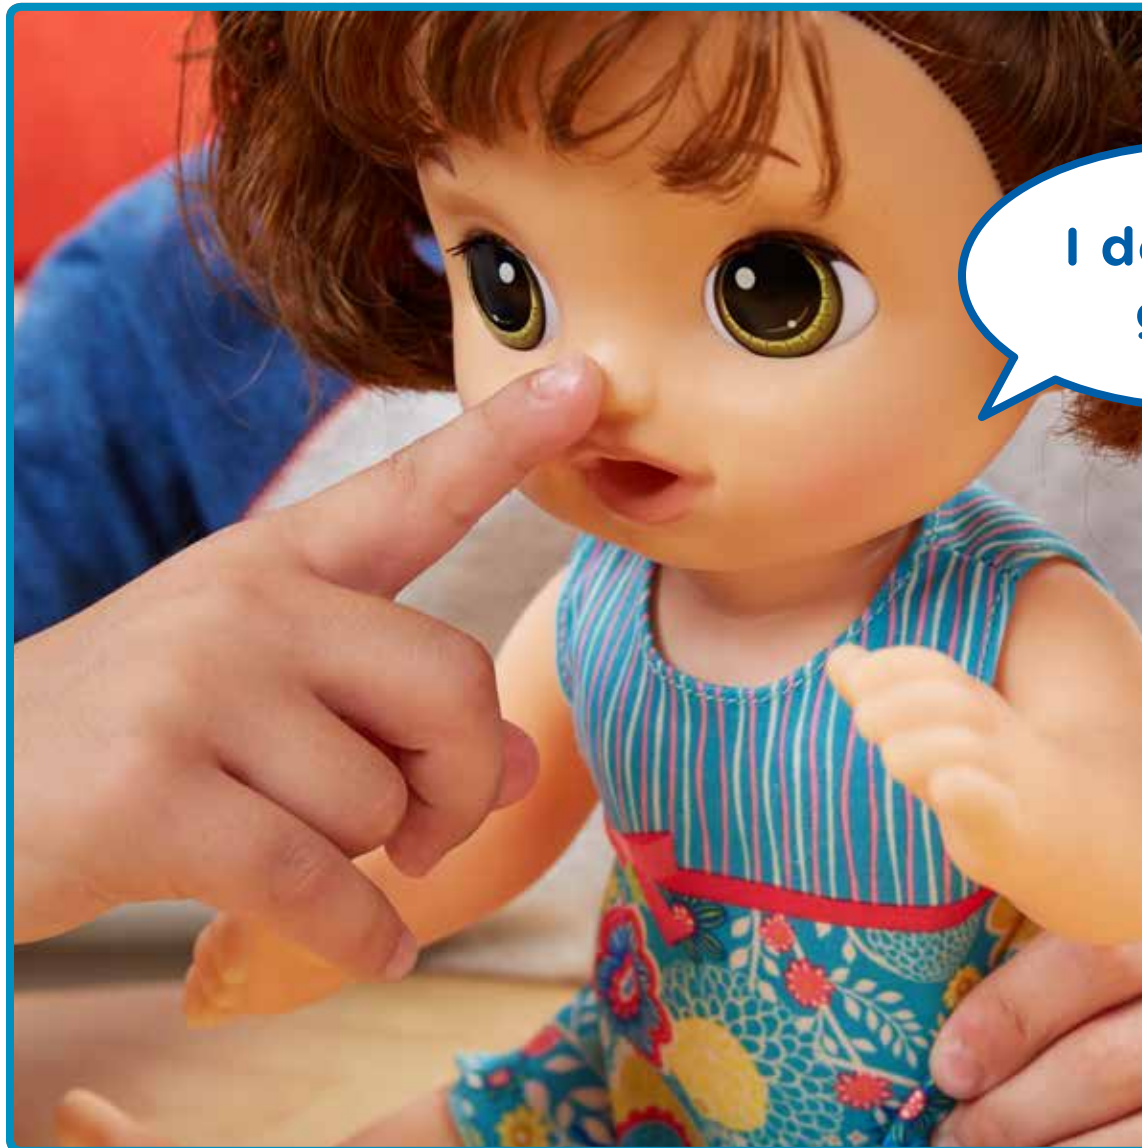

Then, put the box’s straw in the water and let go. Water will go inside the “juice” box. One squeeze is enough.

**Feed your baby doll her “juice” box.
Put the straw in her mouth and slowly squeeze.
Pretend she was very thirsty!**

**Now that she drank her water, she can cry tears.
Push and hold her nose. Count “1...2...3” and stop pushing.
This will help her tears come out.**

**Oh no, poor baby! Wipe her tears with the tissue.
You can say, “That’s better, baby.”**

**Hold her and gently pat her back. You can say,
“You are safe, baby. Relax baby, I’ve got you. Daddy is here with you.”**

**You can give her hugs and kisses and
imagine it's making her feel better.**

**Brush her hair to help comfort her, too.
Pretend she is feeling so much better! You can say, “I love you, baby!”**

**It's fun to pretend to be a Mommy or Daddy
to your Baby Alive® Sweet Tears Baby™ doll!**
