

BASIC PLAY

AGES OVER 18 months

Hey Grown-ups!

This playbook is a great tool to help you introduce the toy and teach your child how to use it. Follow along together to help guide your child for a rewarding play experience.

Keep in mind: Since you know your child best, it is up to you to pick which products and resources are most appropriate for his or her level of ability. Make sure you supervise the play as needed, and don't modify the products. Looking for more guidance for your child's play level? Please visit www.autismproject.org for more information.

**This is the Baby Alive® Lil' Slumbers™ baby doll.
She is soft and snuggly. You can hold her and hug her.
Babies love kisses on their foreheads too!**

She comes with a bottle and teething ring accessories.

Bottle

Teething Ring

Sometimes babies are fussy because they are hungry. You can say, “Is baby hungry?” and pretend to feed her with the bottle.

After her bottle, pretend to burp her. Put your baby doll on your shoulder and gently tap her back.

**That's better,
baby.**

Pretend she is crying. Oh no! What's the matter, baby?

Hold the teething ring near her mouth and pretend she is chewing on it. Nom nom nom!

All better? Pretend she is giggling and is ready to play! First, hold her and help her sit up.

**Next, open and close her arms to pretend she is clapping her hands.
You can help her clap and sing a song to her!**

Sing:

**Pat-a-cake, pat-a-cake, baker's man
Bake me a cake as fast as you can
Roll it, and pat it, and mark it with a B
And put it in the oven for baby and me!**

**What a busy day! Pretend it's time for a nap.
You can lay her down and her eyes will close.**

Then, make sure she's comfy and cozy! Take a blanket from home and put it over her. Say, "Goodnight, baby! Sleep tight!"

It's so fun to play with your Baby Alive® doll!
