

SOCIAL PLAY

AGES 9M+

Hey Grown-ups!

If your child is ready to try playing with others, the activities in this playbook can be a great tool to help you teach them how to engage in social and/or imaginative play.

Keep in mind: Since you know your child best, it is up to you to pick which products and resources are most appropriate for his or her level of ability. Make sure you supervise the play as needed, and don't modify the products. Looking for more guidance for your child's play level? Please visit www.autismproject.org for more information.
