

CONNECT 4™

stackers

Connect 4™ has risen to new heights in this advanced challenge. Play on a 4 x 4 x 4 matrix, building carefully to ensure you make a row of four before your opponent does. There are 64 possible spaces to use to your advantage.

CONTENTS

• Game Arena • 32 Yellow Discs • 32 Red Discs • 4 Rubber Feet

ASSEMBLY

- Remove all contents from the plastic bags. Throw away the empty bags.
- Turn the game arena upside down and insert the four rubber feet into the holes on the underside.

SETUP

Place the game arena on a flat surface. One player uses all of the yellow discs; while the other player uses all of the red discs.

OBJECT

To be the first player to make a row of four discs of your color, horizontally, diagonally or vertically.

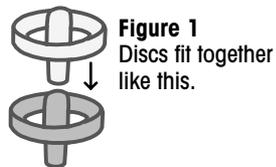

Figure 1
Discs fit together like this.

GAMEPLAY

1. Decide who will play first. That player places one of his/her discs anywhere on the arena.
2. Now it's the other player's turn to place a disc either on any free space, or on top of the first player's disc (see Figure 1).
3. Continue alternating turns, playing one disc at a time. The only limit is that you cannot build higher than four discs upwards.
4. Try to make a row horizontally, diagonally or vertically, either on the same level, or going upwards (see Figures 2 and 3)!

WINNING THE GAME

The first player to make a row of four discs wins! If the game ends in a tie, play again to determine the Connect 4™ Stackers Champion!

TOURNAMENT PLAY

Try playing a "Best of..." game, where the first to reach a certain number of wins is the overall Connect 4™ Stackers Champion.

Figure 2
You can do this.

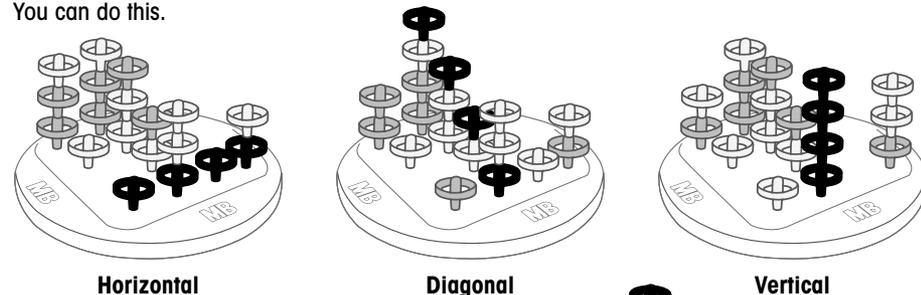

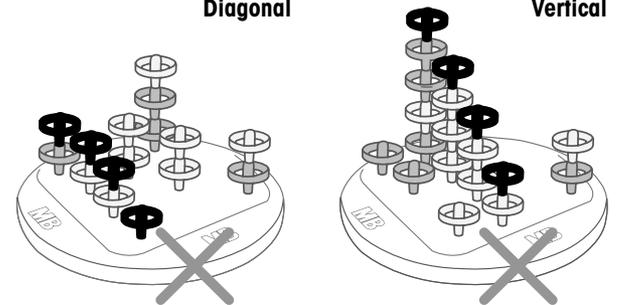

Figure 3
You cannot do this.

PROOF OF PURCHASE

We will be happy to hear your questions or comments about this game. US consumers write to: Hasbro Games, Consumer Affairs Dept., P.O. Box 200, Pawtucket, RI 02862. Tel: 888-836-7025 (toll free).
