

## Splash 'n Slide™

Tucked away in a secret place, is a tiny nursery full of tiny babies and pets. They're BABY BUDDIES—special friends who can do all the cute things real babies do! But these lovable little babies need a Mommy to take care of them. Because if left to themselves, the BABY BUDDIES would just play all day.

This sweet little girl loves to play games in the baby pool! Move the button on her back up and down to help her playfully splash water on her puppy.

It's puppy's turn to splash! First, squeeze him, hold his mouth in water and release to fill him with water. Then, give pup another little squeeze to squirt water back at baby!

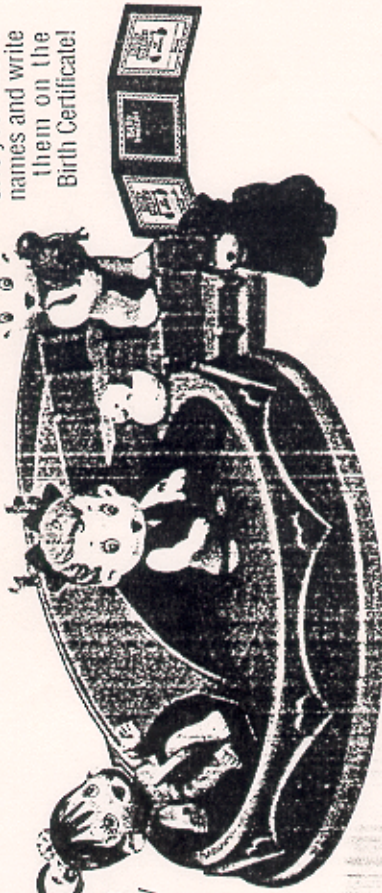

Look out below! Baby and her pet duck go barreling down the water slide when you give their inner tube a little push. Hold on tight, baby!

Come on in, the water's great! This baby helps her pet turtle into the pool for a quick dip when you move the lever on her back.

Apply labels and fill pool with water.

Give your babies names and write them on the Birth Certificate!
