U.S. Patent No. 5,458,523. Printed in China.

WARNING:

CHOKING HAZARD - Small parts.
Not for children under 3 years.

OBJECT

To be the first player to win 5 battles. To win a battle, hit the rival Raptor's strike plate in the center of its chest and knock it completely off its base—before your opponent does the same to you!

EQUIPMENT

- 2 Battling Raptor figures • 2 Controllers • Labels
- 4 AA alkaline batteries required (not included)

ASSEMBLY

Refer to the photograph on the back of the package and the drawing below.

- **Insert batteries:** Loosen the screw on the battery compartment on the bottom of the controller, and remove the door. Insert 2 AA alkaline batteries into each controller, making sure to align the + and - with the markings in the plastic. Replace the door and tighten the screw.

CAUTION—To prevent battery leakage: 1. Be sure to insert the batteries correctly and always follow the game and battery manufacturers' instructions. 2. Do not mix old and new batteries; do not mix alkaline, standard (carbon-zinc) or rechargeable (nickel-cadmium) batteries. 3. Always remove exhausted or dead batteries from the product.

- **Apply labels:** Put two BATTLING RAPTORS Logo Labels and one Scoring Label on each controller, as shown.
 - **Attach Battling Raptor to each base:** With the controller on the table, lower a Raptor so the hole in its left foot goes down over the post, lining up the foot in the indentation, as shown, so the "toes" point out the opening. Then hold the leg and press down until the foot snaps in place.
- Important:** Never try to remove a Raptor from the controller base without first pressing in the strike plate on its chest.

PRACTICE BATTLING!

Choose your Raptor, then experiment with its control knob. Try short back and forth turns, then try longer turns. Practice aiming for the strike plate in your rival's chest—that's what will send him flying! Defend yourself with your claws and tail! **Note:** At times, you'll want to pull your Raptor and controller towards you, away from your rival, then go back at him from another angle!

GAMEPLAY

1. Both players slide their scoring arrows to "0."
2. Move your controller so the Raptors face one another.
3. Count to three. On "Three," start battling!

Important: The controller must remain on a flat surface at all times during battle.

4. Ending a round and scoring: Strike your rival's strike plate and send him flying completely off the base to earn one point. Move your scoring arrow up one notch, to the next higher number. **Note:** If you hit the target but the Raptor does not come off the base completely, stop the battle, reset the Raptor, then continue.

WINNING

The first player to win five battles rules the Lost World!

RE-STORAGE

To fit the game back in the box, press the strike plates to remove both Raptors from the controllers.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
