CREATE A BEDBUG™ CAKE

Bake a Cake...

- Preheat QUEASY BAKE COOKERATOR oven for 15 minutes.
 - Spray baking pan with nonstick cooking spray.
1. Pour contents of CHOCOLATE BUG SQUISHER cake mix packet into mixing bowl. Add 2 teaspoons of water and mix with a spoon until smooth.
 2. Slowly pour batter into baking pan and spread evenly.
 3. Use pan pusher to insert pan into QUEASY BAKE COOKERATOR oven. Be sure to insert pan far enough so that metal door closes. Bake in QUEASY BAKE COOKERATOR oven for 12 minutes.
 4. When baking time is complete, use other end of pan pusher to push baking pan all the way through to cooling chamber. Allow cake to cool in cooling chamber for 10 minutes, then carefully remove pan from oven with pan pusher. When cool, remove cake from pan.

Make Icing...

Pour contents of OOZIN' ICING mix packet into mixing bowl. Add 1/2 teaspoon of warm water, and stir thoroughly with spoon until smooth. (For thinner icing, stir in droplets of water to desired consistency.)

Create BEDBUG Shapes...

Spray BEDBUG mold with nonstick cooking spray.

1. Pour contents of INSTANT INSECT mix into a mixing bowl. Add 4 1/2 teaspoons of warm water and stir until dissolved.
2. Pour mixture into BEDBUG mold. Place in refrigerator for 10 minutes to set.
3. Remove from refrigerator and peel BEDBUG from mold!

Plop the OOZIN' ICING over the cake, add the bubble-gum flavored insects and you've got a taste treat to go buggy over! Serve your creation on the BEDBUG mold, which is also a cake server!

MAKE MARTIAN INVASION COOKIES!

Bake a Cookie

- Preheat QUEASY BAKE COOKERATOR oven for 15 minutes, or ask an adult to preheat the kitchen oven to 375°.
 - Spray cookie mold and baking pan with non-stick cooking spray.
1. Pour the contents of MARTIAN INVASION cookie mix packet into a mixing bowl. Add 3/4 teaspoon of water, and mix with a spoon. Press dough against side of mixing bowl until it clings together.
 2. Prepare a clean surface and sprinkle it with flour. Form dough into a ball with your hands. (Helpful Hint: Adding a little flour to the dough will reduce stickiness when forming ball.) Flatten dough on the clean surface. Use the cookie cutter to cut out an alien head shape from the dough. Form another ball of dough, flatten again then cut out a second alien head shape. For this shape, poke out the dough where the "eyes" would be. Place this shape on top of the first shape.
 3. Sprinkle the EERIE EYES powder into the "eyes" of the cookie (do not overfill). (Remove any excess powder that may have fallen on the cookie.)
 4. Place cookie in baking pan. Use the QUEASY BAKE pan pusher to insert pan into the QUEASY BAKE COOKERATOR oven. Be sure to insert pan far enough so that metal door closes. Bake the cookies in QUEASY BAKE COOKERATOR oven for 10 minutes OR in your kitchen oven for 10 minutes.
 5. When baking time is complete, use other end of the pan pusher to push the baking pan all the way through to the cooling chamber. Allow cookie to cool in cooling chamber for 10 minutes. Then, remove pan with pan pusher. If you are baking in your kitchen oven, have an adult remove pan from oven immediately. When cool, remove the MARTIAN INVASION Cookie from the pan!

Helpful hint: If the cookie loses its shape in baking, cut the cooled cookie again with the cutter to reshape.

Eat and enjoy your out-of-this-world treat!
